

## PRESIDENT HUERTA CURIOUS AS TO PROSPECTIVE ACTION BY UNITED STATES

General Shows No Anxiety and Is Proceeding With Affairs of Government With Equanimity

Huerta Orders State Governors Constitutionalists Demand Formal Recognition by Washington Administration

EXPECTS U. S. INTERVENTION DEMAND DISRUPTS SITUATION

MEXICO CITY, Nov. 18.—By President Huerta's friends, the attitude of the executive is described as one of expectancy and curiosity as to the prospective action by the United States, rather than one of anxiety. They say he has given them no indication of changing his mind about not resigning and is proceeding with the affairs of the government with all equanimity.

They add that he regards as probable intervention by the United States and an order was sent today to the state governors to report immediately how many soldiers they can have by Nov. 20th. The official legislation of this is that it is merely part of plan announced in a recent decree increasing the army to 150,000 men.

The departure from Mexico continues, although in decreasing numbers, which indicates that the great majority of those intending to leave have already gone. A train for Vera Cruz with scores of refugees aboard was held up tonight in the freight yards by the burning of several oil tank cars.

Dines With Garden. Invitations to the opening of the Mexican congress have been sent to the diplomatic corps. The American Charge d'Affaires, Nelson O'Shaughnessy, dined tonight with Sir Lionel Garden at the first official dinner given by the British representative.

No new instructions from Washington have been received at the embassy, according to the charge who is reporting daily to the state department on political conditions here.

Fearing that a blockade may be established co-incidental with the installation of congress on Thursday, the officials at the National Palace are showing anxiety regarding the shipment of 15,000 rifles due at Vera Cruz tomorrow.

The recruiting campaign by conscription is being carried on vigorously and there is little doubt that the number of men now ready for service is greater than the supply of rifles. Failure to land this shipment would be embarrassing to the war department.

The committees of the new congress had under consideration for several hours today the credentials of the new members. President Huerta is said to be preparing his message for delivery on Thursday. There was a noticeable relaxation from the tension of the past few days owing to the cessation of the rumors that the embassy was about to leave and indications that no immediate action was intended at Vera Cruz.

## PRIEST WHO KILLED ANNA AUMULLER ON TRIAL TODAY

Hans Schmidt Will Be Placed on Trial Before Judge Foster—Insanity Will Be Defense.

New York, Nov. 18.—Hans Schmidt, the priest who confessed to killing Anna Aumuller, a young German girl he had married by a self-performed ceremony, and afterwards dismembering her body and throwing it into the Hudson river, will be placed on trial tomorrow before Judge Foster in general sessions court. Insanity will be Schmidt's defense.

The report of the commission which has taken testimony in Germany regarding Schmidt's sanity before he came to this country, will arrive tomorrow and early next week Assistant District Attorney Deacon Murray will arrive from abroad where he has been collecting information for use in the trial.

Today Judge Foster denied a motion of counsel for Schmidt that another commission be appointed to go to Germany to take testimony. A panel of 200 talesmen has been summoned for the trial.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, Nov. 18.—For Illinois: Unsettled Wednesday and Thursday with occasional rains in north and central portions, somewhat colder Thursday in north and central portions; moderate variable winds mostly south.

## WEALTHY PHYSICIAN KILLS WIFE'S ADMIRER

DR. W. T. ELAM OF ST. JOSEPH SHOOTS PUTNAM CRAMER OF CHICAGO

Men Had Met at Kansas City Hotel by Agreement to Discuss Cramer's Relations With Elam's Wife—Elam Refuses to Talk in Lobby and Cramer Invites Him to His Room Where Tragedy Occurs.

KANSAS CITY, Mo., Nov. 18.—"I knew he was lying so I killed him," declared Dr. W. T. Elam, a wealthy St. Joseph, Mo., physician, as he walked into the lobby of the Hotel Baltimore this afternoon after having shot and killed Putnam Cramer, a Chicago magazine advertising agent, whom he had accused of being friendly with his wife.

Dr. Elam surrendered and was taken to police headquarters where he refused to make a statement. John T. Glynn, a private detective employed by Elam to shadow Cramer, said he and Elam and a lawyer met Cramer today by agreement. Elam wanted to talk over with Cramer the latter's relations with the physician's wife. As the four men stood in the hotel lobby, Elam declared he would not talk where everybody could hear. Cramer invited the doctor to his room. They went alone, the detective and the lawyer remaining in the parlor.

A few minutes later Elam came down, not the least bit excited and said:

"I've done it."

Then the tragedy that had been enacted on the second floor was disclosed.

What passed between Cramer and Elam no one knows except Elam. At police headquarters he is morose and refuses to talk.

Cramer was married and lived at 3800 Lake avenue, Chicago. Elam was city physician of St. Joseph and had a home in the fashionable residential district there. Mrs. Elam left St. Joseph several weeks ago after telling friends she was going to visit her parents' home in Detroit Michigan.

Mrs. Cramer Is Ill.

Chicago, Nov. 18.—At Cramer's home here, it was said that Mrs. Cramer was ill and had not been told of her husband's death.

A friend of Mrs. Cramer's who was caring for her said she had never heard of Mr. or Mrs. Elam.

Mrs. Elam in Detroit.

Detroit, Mich., Nov. 18.—Mrs. W. T. Elam, wife of the physician who today shot and killed W. T. Cramer, in a Kansas City hotel, is in Detroit at the home of her mother. She did not learn of the tragedy until late tonight when she returned from the theatre. She declined to see newspapermen.

The mother, who had succeeded in keeping the news from Mrs. Elam up to that time said she knew of no cause for the shooting.

DAYTON OFFERS COL. GOETHALS POSITION AS MANAGER OF CITY

Commissioners Assure Canal Builder the City is Willing to Pay Him More Than Government Pays Army Officers.

Dayton, O., Nov. 18.—A telegram was sent today to Colonel George W. Goethals, builder of the Panama canal, offering him the city manager position of Dayton under the new commission form of government.

The city commissioners told Colonel Goethals in their telegram that "Dayton wants the best equipped man in America" and assured him that the city was "willing to pay a larger salary than the federal government pays its army officers."

There is no assurance that Colonel Goethals will consider the offer.

SUPREME COURT HOLDS NEW JERSEY LAW UNCONSTITUTIONAL

Act of 1911 Providing for the Sterilization of Epileptics, Feeble Minded, Etc., Is Set Aside.

Trenton, N. J., Nov. 18.—The supreme court of New Jersey today set aside as unconstitutional the act of 1911 providing for the sterilization of epileptics, the feeble minded, criminals and other defectives.

A test case was instituted in the court before the law was carried into effect.

The supreme court holds the law in question was based upon a classification that bore of reasonable relation to the object of police regulation and that it denies to the classes so selected protection of the laws.

ASSOCIATION BANKRUPT.

Chicago, Nov. 18.—The Klio association, a prominent women's club, which has maintained lunch and rest rooms and other welfare departments for the benefit of Chicago business women, made a voluntary assignment today. Inability to meet obligations was given as the reason.

The liabilities were stated as \$3,178 and the assets \$1,585.

ASKED TO RESUME LEADERSHIP.

New York, Nov. 18.—William F. McCombs, chairman of the Democratic national committee, has been asked by a number of prominent Democrats to assume the leadership of the fight to reorganize Tammany hall. McCombs admitted this today but refused further to discuss the matter. He will leave for Washington tomorrow for a conference with President Wilson.

## CONSIDER MEANS TO PROTECT COUNTRY

Senators Discuss Means to Avert Any Possible Financial Stringency by Currency Reform

COVER "TRANSITION PERIOD"

Amendments to Bill Are Designed to Cover Period While Banks Are Transferring Reserves to Proposed Federal Reserve Banks

WILSON OPPOSES ADJOURNMENT

WASHINGTON, Nov. 18.—Means of protecting the country against any possible financial stringency when the proposed new currency system goes into effect were considered today by both the Democratic and Republican wings of the senate banking and currency committee.

In each case amendments to the administration currency bill agreed upon were designed to cover the "transition period" while banks are transferring their reserves to the proposed new federal reserve banks.

The Democrats adopted a change that would permit local banks to deposit half of the required reserve in the regional bank in the form of commercial paper, instead of requiring the entire deposit to be in cash. Another amendment would authorize the federal reserve board to make the new treasury notes and the present bank notes, eligible for use as part of the reserves, to relieve embarrassment during the transition period.

The Republicans and Senator Hitchcock continuing their work on a draft of the bill, adopted a more radical change, providing that banks need deposit one per cent reserve when the new system becomes effective, an additional one per cent to be deposited each six months until the entire reserve of five per cent has been provided for. The work of the two branches of the committee was not concluded today and will be resumed tomorrow.

The Republican members sent their draft to the government printing office tonight but will revise it tomorrow.

The Democratic caucus probably will not be settled until after the "steering committee" which met today, has had another conference next Thursday.

Opposed to Adjournment.

President Wilson let Democratic senators know in positive terms today that he was opposed to the movement now under way to secure an adjournment of congress for the regular December session. He told several senators that the country would charge congress with adjournment for the purpose of securing mileage allowance. While adjournment talk continued today it was believed tonight the special session would run through and merge in the regular session.

Des. J. Changes made in the currency bill made by the Democrats today were the result of figures presented by Chairman Owen showing that the shifting of the reserves in the bill as originally drawn would have taxed the reserve money of the country.

The administration forces once more reinstated the disputed "lawful money" provision. The clause provides that the new currency shall be payable in gold at the treasury in Washington but shall be payable in "gold or lawful money" at each regional bank. In this connection the committee strengthened the gold redemption fund requirements.

"The legal tender" quality of the new notes, provided for in the bill after a lengthy discussion and a rather heated struggle, was stricken out again today. The representation of the banks in the directorates of the regional reserve banks was altered to allow directors elected by the member banks to be directors or officers of other financial institutions.

Provide for Farm Loans.

Farm loans investment for national bank would be authorized in an amendment written into the Republican draft. Senator Hitchcock and the minority members amended the bill to provide that national banks may invest one-third of their time deposits in five-year farm mortgages based on fifty per cent of the value of the land mortgaged.

The Republicans struck out of the house bill the requirement that national banks must segregate the capital and assets behind all funds held as savings accounts. The bank examination section of the bill was revised, the committee providing that bank examiners shall be placed on a salary of from \$2,000 to \$7,000 a year, thus eliminating the fee system.

CLOTHIERS BANKRUPT.

Chicago, Nov. 18.—Hart Brothers, manufacturers of men's clothing, was thrown into the hands of a receiver today. Hiram J. Halle was appointed receiver. The liabilities of the company, it was said, would reach \$200,000.

JEWELS STOLEN FROM WAGON.

Chicago, Nov. 18.—Jewels valued at \$1,000 were stolen today from the delivery wagon of an express company. The box containing the jewels was taken while being transferred from a sub-station of the express company to Paul N. Lackritz, a jeweler in West Chicago.

## FEDERALS SLAUGHTERED BY REBELS AT VICTORIA

EVERY ONE OF THE DEFENDERS OF GOVERNMENT PALACE IS SLAIN

General Gonzales, in Command of the Victorious Constitutionalists, Describes Fight as the "Bloodiest Battle of the Revolution"—Terrible Destruction to Property is Done in the Two Days Battle.

BROWNSVILLE, Texas, Nov. 18.—With the loss of hundreds of lives and with great destruction of property in what General Pablo Gonzales, rebel commander, describes as the "bloodiest battle of the revolution," Victoria, capital of the Mexican State of Tamaulipas, was captured by the constitutionalists early today.

The fall of the capital city gives the insurrectionary movement control of the entire state except the important seaport, Tampico, where a strong force of rebels already is operating. General Luis Caballero probably will be named military governor of Tamaulipas in the organization of the state by the constitutionalists.

General Gonzales, who commanded the besieging constitutionalists, made his report by courier to Jimenez and by telephone from there to headquarters at Matamoros. No definite estimate was given of the loss of life, but it was said that bodies of the dead littered the streets and lay thick through the court yards and halls of the government palace where a portion of the federal garrison made a last stand after being driven from a Catholic sanctuary where they took refuge yesterday. Every one of the defenders was slain.

Federals Flee Into Hills.

The greater portion of the garrison of 3,000 men, however, evacuated the city at 8:30 this morning after forty-nine hours of continuous fighting. They retreated to Tula, several miles away, where they were overtaken by the constitutionalists and again decisively defeated at 1 o'clock this afternoon. They fled demoralized into the hills. Generals Rabago, Arzamendi and Eugenio Aguilar commanded the federals.

The attacking constitutionalists were reported to number about 5,000 men. Their loss was four officers and between thirty and fifty men, probably more, according to General Gonzales, who said that the federals had been literally slaughtered and that the total loss of life would run into the hundreds.

Terrible destruction to property was done in the two days battle which raged throughout the principal streets of the city and many handsome buildings not raised by shell were leveled by the torch in the hand to hand fighting.

Victoria has a population of 15,000 and is situated in a rich farming section, inhabited by many Americans. No mention was made of non-combatants in Gonzales report.

Before the federals abandoned the city hundreds of guns were piled in front of the arsenal and burned but the constitutionalist leader reported that many of these were salvaged. In addition 300 horses, as many saddles, four cannon and much ammunition were captured. A number of prisoners were taken.

LABOR DELEGATES REJECT TWO CONSTITUTIONAL AMENDMENTS

Amendments Urged by Progressive Element Having to do With Payment of Strike Benefits Are Voted Down.

Seattle, Wash., Nov. 18.—The Progressive element of the American Federation of Labor was voted down twice today when the convention in session here defeated two constitutional amendments of a similar nature having to do with the payment of strike benefits. The first measure would have given the executive counsel "discretionary" power to authorize payment to newly organized unions, the members of which were locked out or discharged for having organized. The second substituted "the" for "discretionary."

The vote on the first was 69 to 113; on the second, 74 to 142.

Advocates of the amendments declared the Industrial Workers of the World had accomplished much that the federation had been unable to do because of the provision of the constitution making strike benefits available only to those who had been members of a union at least a year.

"I have heard enough about industrial workers of the world," declared the American Federation of Labor with not doing its duty."

President Gompers declared "it will be a sorry day for labor when we stoop to meet the frivolous, purposeless charges made by that sort of people. Every time they have made a row we have been called on to pay the fiddler and the piper. I don't think we should be disturbed by what they think of us."

President Gompers declared the adoption of the amendments would bankrupt even the treasury of the United States were that at the disposal of the federation.

McWEENEY LEAVES DEPARTMENT.

Chicago, Nov. 18.—John McWeeny, who resigned two weeks ago as chief of the police department, severed his connection with the department today. McWeeny had been on leave of absence as captain of the department while serving as chief. He resigned on a pension of \$75 a month to enter the steel business.

## NAVAJO INDIANS OPENLY DEFEY U. S. GOVERNMENT

SITUATION ON NAVAJO RESERVATION BECOMING SERIOUS

Hundreds of Navajos Hold War Dances and Sing Their Ancient War Songs On Beautiful Mountain—Gen. H. L. Scott Will Confer With Chiefs at Agency.

FARMINGTON, N. M., Nov. 18.—With signal fires blazing at many points on Beautiful Mountain, where hundreds of Navajo Indians have fortified themselves in open defiance of the Washington government, and with the Indians holding war dances and singing their ancient war songs, the situation on the Navajo reservation, where an incipient uprising exists is one which tends to give Agent W. T. Shelton at the Shiprock agency grave concern.

Agent Shelton has a force of thirty deputies all heavily armed on guard at the agency, while Indian police working in regular shifts throughout each 24 hours and doing scout duty, minimize the possibility of a surprise attack by the renegade Indians should they attempt an offensive movement.

May Be Induced To Yield.

Washington, Nov. 18.—In the hope that the excited Navajo Indians who are now defying the government authorities at Beautiful Mountain, N. M., may be induced to yield peacefully and surrender the eight renegades sought to be arrested, the war department today ordered General Hugh L. Scott, commanding the second cavalry brigade at Fort Bliss, Texas, to proceed in haste to the Navajo agency to confer with the Indian chiefs. The general is influential with Navajos whose language he speaks. He has always been regarded by them as their best friend and it is believed that he will be able to place them. The general's instructions are to confer with Major McLaughlin the Indian agent before beginning his conference. To back his mission with a show of force, orders were also sent to Fort Robinson, Nebraska, to entrain and dispatch to the Navajo agency a full squadron of the 102nd cavalry to serve as General Scott's escort.

Orders Countermanded.

El Paso, Texas, Nov. 18.—Orders today detailing two troops of the fifteenth cavalry to proceed to Shiprock, N. M., to suppress a Navajo Indian uprising were countermanded tonight by General Tasker H. Bliss on instructions from Washington.

PASSENGERS RESCUED BY STEAMER PANNONIA ARRIVE IN NEW YORK

Passengers From the Balmes May Be Returned on Next Steamer for Spain.

New York, Nov. 18.—With 103 passengers rescued from the burning Steamer Balmes at sea, 600 miles east of Bermuda last week, the Steamer Pannonia arrived here tonight. The Pannonia anchored at Quarantine and tomorrow immigration officials will decide whether the passengers from the Balmes will be kept on board until the Pannonia returns to the Mediterranean or sent to the immigration station at Ellis Island to await the departure of the next steamer for Spain. Most of the Balmes' passengers were from Cuba and bound for Cadiz or Barcelona.

Captain Tells of Rescue.

Captain Robert Capper of the Pannonia in telling of the rescue of the Balmes' passengers gave full credit to the heroic fight Captain Ruiz and his men of the Balmes made to save their ship.

"The women and children were brought away in the first boat—37 of them—and when they came along side the Pannonia they were passed up the ladder from hand to hand. It was a pitiful sight. The babies were nearly naked and the women were near collapse. Meanwhile the steamer was getting worse and violent squalls tore across the sea as the last boat left the Balmes."

The rescued women and children were put in the ship's hospitals and berths were prepared for the men. Our passengers soon provided everyone of the wrecked folk with clothes. At lunch time all the crew and passengers joined in a great cheering demonstration. I was very much affected as it was altogether unanticipated and I was grateful beyond expression."

GRAND LODGE ELECTIONS WILL TAKE PLACE TODAY

Leading Candidate For Grand Warden Is Hon. J. J. Crowder of Peoria.

Springfield, Ill., Nov. 18.—On the eve of the elections in the Grand Lodge and Rebekah assembly here tomorrow, interest is keen in and around the state house where the voting will take place. The leading candidate for grand warden in the Grand lodge is Hon. John J. Crowder of Peoria. He is opposed by Otis Arnold of Quincy, O. F. Wylie of Paxton, H. T. Thompson of Kankakee and W. H. Bennett of Quincy.

In the Rebekah assembly there are the two main candidates—Mrs. Cora Neff Phillips of Bushnell, representing the up-state faction, and Miss Althea Staples, "the bachelor candidate" from Grove City, representing the down-state people. Miss Staples is the first unmarried woman to aspire to the office for twenty-five years.

The first business session of the Grand lodge was held tonight.

## EXPLOSION ENTOMBS TWENTY FIVE MINERS

Officials Estimate That Between 25 and 40 Miners Are Entombed in Acton, Ala., Mine

SIX DEAD BODIES REMOVED

Six Bodies Are Removed from Mine and Three Other Miners Are Taken Out Alive. Some Victims White and Some Negroes.

CAUSE OF EXPLOSION IS UNKNOWN

BULLETIN.

ACTON, Ala., Nov. 18.—Nine miners are known to have been killed and at least a dozen others were still missing at a late hour tonight. Five men had been taken out of the mine alive by rescue crews up to 11:30 tonight. At that hour mine officials expressed the belief that the death toll would not exceed fourteen although estimates of the number missing varied at from twelve to thirty.

Find Seven More Bodies.

Shortly after midnight rescuers found seven more bodies in the sixth entry of the mine bringing the total known to have been killed up to 16. One miner was taken out alive, making six rescued in all.

ACTON, Ala., Nov. 18.—An explosion in No. 2 mine of the Alabama Fuel and Iron company at 5:45 here this afternoon entombed between 25 and 40 miners according to estimates of company officials. At 8 o'clock six dead bodies have been removed from the mine and other miners had been rescued alive.

Of the other victims some are white and some are negroes. The normal quota of employees is 70 men but yesterday was pay day at the mine and some did not report for work today. Twenty-three diggers entered the workings this morning and early tonight it was not known how many others reported during the day. The first rescue parties who entered the mine this evening searching for any who might be alive reported that they passed several bodies lying beside the tramway of the sloping entrance shaft.

Acton Mine No. 2, which lies in Shelby county on a branch of the Louisville & Nashville railroad, has been considered one of the best equipped in the district. So far as ascertained the mine workings were not much damaged by the explosion, the cause of which has not been determined.

GREAT NUMBER OF GIFTS BEING RECEIVED AT THE WHITE HOUSE

Most of the Gifts for Miss Jessie Wilson and Mr. Sayre Are of Useful Nature, Adapted to Household Needs.

Washington, Nov. 18.—Gifts in great numbers have been received at the white house during the past few days for Miss Jessie Woodrow Wilson and Francis B. Sayre who are to be married a week from today.

Most of the gifts are of a useful nature, more adapted to household needs than ornamental. Miss Wilson is busily occupied in writing personal letters to the givers. Several of the presents have come from the embassies and legations. Cutglass, furniture, dishes, silver services and bric-a-brac and a variety of domestic articles make up the bulk of the gifts thus far received though some beautiful jewelry has also been received. Some of the white house clerks were busy today preparing a list of several thousand announcements which will be mailed in a few days.

PRECEDENT BROKEN.

Cambidge, Mass., Nov. 18.—A precedent was broken at Harvard University tonight when Miss Helen Todd of San Francisco, chairman of the league of western women voters spoke on woman suffrage before the students of the university. It was the first time that a "votes for women" propagandist has been allowed to speak in a college hall. The privilege was refused Mrs. Emeline Pankhurst two years ago.

SPARKS FROM THE WIRES

SPRINGFIELD, Ill., Nov. 18.—State Senator Hugh B. Magill, superintendent of the Springfield public schools, was today appointed by Governor Dunne a member of the state art commission, vice Edward J. Parker, Quincy, term expired.

MERIDIAN, Miss., Nov. 18.—A man whose mind was almost a blank was taken from a Mobile & Ohio train tonight and will be cared for until friends are located. He boarded the train at Mobile and had \$500 and papers and letters in his pockets bearing the name of Charles C. Barrow, Marion, Ill.

MANCHESTER, N. H., Nov. 18.—Oliver Wilson of Peoria, Ill., was today re-elected worthy master of the National Grange. The expected strong opposition of the so-called insurgents to Mr. Wilson did not materialize, the election being practically unanimous.

### STILL SAWS WOOD AT AGE OF EIGHTY SIX

"Uncle" Robert Seymour, Long Time Resident of Morgan County Believes in Keeping Busy.

One of the well known and highly respected citizens of Morgan county is "Uncle" Robert Seymour, who resides in the Providence neighborhood. He was born, May 20, 1827, in North Carolina and is now in the 87th year of his age. He came with his parents to Morgan county 84 years ago and has scarcely been away from the old home place more than twenty-four hours since landing in Morgan county. The family upon first coming here built a log house and on the same site the latter buildings were erected.

"Uncle" Robert has always been a man of great activity and is never content with just sitting around but must always be doing something. For the past few days he has been sawing wood and he now has his woodshed filled for the winter. As the space grows for more wood in the shed during winter months he fills it up again. This is only one of a great many chores he does about the premises. His mind is quite active and he delights to recall incidents of the early days and to compare the manner of living now with that time.

There were eight children in the Seymour family, but only three living now. Mrs. John Rawlings lives with her father. She is a twin sister of Mrs. T. Deere. The other daughter is Mrs. Albert E. Gibson, also of the Providence neighborhood.

### "BOUGHT AND PAID FOR" TONIGHT

At the Grand tonight William A. Brady's company will present "Bought and Paid For." Here is a play that is bursting to its seams with that evanescent quality—much discussed and never tangible—human interest. It gets mighty close to the weep-font at times, every once in awhile you almost persuade yourself its preaching a sermon and hammering home a moral then you've forgotten to analyze because all your concentration is focused on its delightful comedy. Three-fourths of "Bought and Paid For" is comedy, the rest is most serious. George Broadhurst has written many pieces but this is his strongest and most enduring contribution to the American stage. In his turn, William A. Brady has seen that the interpreting company is faultless and that the staging is appropriate.

The entire argument revolves about the right of a man to degrade his wife because of legal ties. And on this point hinges one of the most important problems in the marriage relation today.

### YOUNGBLOOD PRAIRIE.

Among those from Jacksonville attending the funeral of Mrs. Kelley Friday were Mr. and Mrs. D. S. Taylor, Mrs. Sarah McVall, Miss Bertha Kelley, Edward Kelley and family, Joseph Fanning and family and York Tribble.

The Busy Bee club was entertained at a farwell quilting by Mrs. J. P. Story and daughter Harriet Thursday afternoon. Those present were Mrs. J. W. McLaughlin, Mrs. Thelma Newby, Mrs. V. D. Harkel, Mrs. G. W. Henry, Mrs. Clyde Hart, Mrs. G. W. Seymour, Mrs. Mary Edwards and it is needless to add that all present had a fine time and were royally entertained by their hostess.

C. E. Edmunds sold a bunch of fat hogs to Rousey and Story who bought of Kelley and others.

The revival services are still in progress at Union Grove with good results.

John Tribble of Jacksonville spent Thursday night with his sister, Mrs. Thomas Henry of this vicinity. John Evans of Jacksonville visited with his children, Wednesday and Thursday and his grandparents, Mr. and Mrs. W. J. Bradford.

Quite a number from this region went to Jacksonville to testify before the grand jury.

Mr. and Mrs. John Jackson are the parents of twin girls born recently making eleven children in the family.

No preaching here Sunday owing to the fact that the pastor is engaged in revival services at Union Grove.

### WILL GIVE IMMIGRANT SOCIAL.

An immigrant social will be given at the Congregational church Thursday evening, November 20, beginning promptly at 7:30. Members of the Sunday school will give a representation of the landing of immigrants at Ellis Island. Admission, adults 10 cents, children five cents.

### SOCIAL EVENTS.

The regular meeting of the Woman's Country Club of Orleans was held Tuesday afternoon with Mrs. F. E. Drury at her home in Orleans with an attendance of about twenty-five members and friends. The house was very prettily decorated for the occasion with leaves and foliage. The paper of the afternoon was given by Mrs. George Grant, who had for her subject: "Gladstone, The Grand Old Man." The subject was very ably handled and the paper proved a most interesting one. The members answered to roll call with the names of cities in England. After the meeting a social hour was enjoyed when refreshments were served.

The regular meeting of the Mission Study circle of the Congregational church was held Tuesday evening at the residence of Dr. and Mrs. R. O. Post, 202 South Koscusko street with a good attendance. R. P. Joy, the leader, read from the book, "Mexico of Today," which the circle is studying, about the social and educational conditions of the country, also its growth and of the political conditions. Following the regular program delicious refreshments were served and a delightful social hour was enjoyed.

The teachers and officers of the Sunday school of the First Baptist church held their monthly dinner at the church Tuesday evening at 6:30. At the close of the dinner there was a general discussion of methods and policies in Sunday school work, followed by group discussions by teachers of the primary, junior, intermediate, senior and adult departments. Thirty-five were present at the dinner which was in charge of Mrs. R. C. Henley, Mrs. L. B. Turner and Mrs. Mary Springer.

A birthday dinner was given Tuesday evening at Batz cafe by Mr. John J. Rollington, in honor of the 20th birthday of Miss Myrtle Nunes of 611 Myrtle street. The other two guests present were Mrs. Mayme Fortado and Miss Eula Nunes. An elegant dinner was enjoyed at 8 o'clock and on the table was a pretty birthday cake with its twenty lighted candles. A pleasing part of the affair was the presentation to the guest of honor by the host, a beautiful cameo necklace, the chain being of pearl and emeralds. After the dinner the young people visited the picture shows and in every way the occasion was enjoyable.

### LYNNVILLE.

Mrs. James Campbell is visiting relatives in Laharte, Ill.

Miss Catherine Wilson was home last week from White Hall, where she is attending school. The schools were closed on account of lack of water. School will open this week, as they are hauling water from Carrollton. Roodhouse also is hauling water.

Mrs. Fannie Gordon, who fell from a chair and in some way hurt her limb, is able to be out now.

Those on the sick list are Joe Duckwall and Mr. Stynes. On account of Mr. Duckwall's illness the Household Science club will meet with Mildred Gibbs Friday afternoon instead of Miss Duckwall.

The patrons of the school are requested to meet at the school house Thursday night to talk over affairs and things relative to the school law.

Sunday morning Charles Lazenby lost a valuable horse.

Will Hundley and others were out hunting one day last week and Mr. Hundley had the misfortune of shooting one of his second toes.

Last Saturday night at the home of Mr. and Mrs. Edward Ranson the Loyal Daughters and their friends of the Christian church were entertained in honor of Miss Mabel Todd's birthday. The house was most beautifully decorated and on the table at supper were found place cards, on which were two hearts linked together with the initials M. T. and E. G., which announced the engagement of Mabel Todd to Ervin Goveia. Both are highly respected young people. Owing to the weather the party was not as well attended as was expected.

The contest of the Christian Sunday school is most exciting, as each side is determined to win.

Brother Burnett's subjects for next Sunday are: Morning, "National Thanksgiving," Deut. 26:16; evening, "The Broadest Seedman," Matt. 13:3. Junior at 6:30. Miss Mabel Todd, leader.

November 30 will be our C. W. B. M. day at the Christian church, as Miss Catharine Lindsey of Springfield, who is to speak for us, cannot be with us Dec. 7, as is the proper time.

Don't forget the fair that will be given Dec. 12 by the Ladies' Aid society.

The Ladies' Aid society of the Methodist church will serve lunch at George Andrews' sale Tuesday, Nov. 25.

**KILLS FORMER WIFE AND HUSBAND.**

Linton, Ind., Nov. 18.—Edward Duncan of Quinn, Mo., today shot and killed his former wife, Mrs. Lulu Taylor, and her present husband, Tillman Taylor. The Duncans were divorced last week and she married Taylor Saturday. Taylor was instantly killed as he sat at the dinner table. Mrs. Taylor was shot down as she ran out of the house.

### MRS. M. V. B. ELSON DIES; WAS SISTER OF C. A. BARNES

Former Resident of Jacksonville Passes Away at Home After Long Illness.

Mrs. M. V. B. Elson, formerly of this city, passed away at her home in Freeport Sunday morning after a long illness. Mrs. Elson was the sister of Judge Charles A. Barnes, who at present is traveling in Europe for his health. She was a woman of noble christian character, prominent in all forms of well doing and beloved by all. With regard to her life the Freeport Daily Bulletin says:

"Mrs. Elson was Miss Mary Elizabeth Barnes before her marriage. She was born in Hampton, Conn., a daughter of Rev. William Barnes and Eunice Hubbard Barnes. Her father was a minister of the Presbyterian church. The family came west to Jacksonville, Ill., when she was twelve years of age. She attended the Jacksonville Female academy and graduated with honors. She was married to Martin V. B. Elson March 22, 1875, and immediately afterward the couple came to Freeport. During all these years her influence has been marked in being for the moral uplift of the community. She was a member of the First Presbyterian church and was long active in the work of the Freeport Woman's club, retiring from the latter organization because of ill health."

Mrs. Elson had two other brothers, besides Judge Barnes, both of whom have passed away. They were Judge William Henry Barnes of Arizona and Lieut. Nathan Hale Barnes of the United States navy. She is survived also by her husband, a former jeweler and banker of Freeport, and their daughter, Mrs. Norman Tuckett of that city. The illness from which she died began eight months ago, just after her return from a trip to California.

The funeral was held Tuesday afternoon from the Elson residence, in charge of the Rev. D. L. McNary of the First Presbyterian church of Freeport.

## GRAND JURY COMPLETES WORK AND IS DISCHARGED

Reports Filed on County Home and Jail—Summons Issued on Indictments Returned to Be Placed in Hand of Sheriff Today—Fuller-Holtman Case is On Trial.

The grand jury filed the final reports for the term yesterday with Judge Thompson and the jurors were dismissed. The jury is said to have returned about thirty indictments, a larger number than has been true for several terms but these are not yet a matter of record as the papers to serve will not be turned over by Circuit Clerk Pyatt to Sheriff Rogers until this morning. According to common report the jury spent much of its busy session investigating alleged cases of gambling and bootlegging. Several bills which were ignored by the jury are mentioned below as are three cases wherein the defendants have for some time been under arrest. The jury reports on the county home and the jail are somewhat unusual in form and are given below in their entirety.

In the circuit court proper the time of Judge Thompson during the day was occupied with the suit of W. H. Fuller against John Holtman, in which the complainant is seeking to recover on two horses which he purchased from the defendant. It is alleged that he bought the horses as sound and that when they were shipped to market that they were not so found and that Mr. Fuller was occasioned a loss. W. N. Hairgrove is appearing for the complainant and Paul P. Thompson for the defendant. The arguments will be made this morning as the evidence is all in.

Behrends Ice and Fuel Co. vs. R. A. Gates Fuel and Ice company, trespass on the case on promises. Leave to defendant to withdraw plea of general issue and file with notice of set off.

Chancery.

Alonzo Hubbs et al. vs. J. H. Hubbs, et al. partition. Report of commissioners approved and decree.

Thomas McCarty vs. S. F. Sooy and George Mellor, injunction. Suit dismissed by complainant.

James A. Schaeffer vs. Beverly C. Skinner et al., bill for foreclosure. Report of receiver approved showing payment of rents, etc., to complainant and cause stricken.

Eliza A. Luttrell vs. John W. Luttrell et al., bill for partition. Default of all adult defendants not answering and cause referred to master.

### GRAND JURY REPORT.

On Friday morning at 10 o'clock the grand jury, according to its usual and time-worn custom, wended its way "over the hills to the poor farm," not, however, in the spirit which prompted the poet to sing but in an official capacity. Upon arrival the committee appointed went immediately to work upon a tour of inspection.

We found as inmates, 21 males and 6 females, a number very much less than in former year, all in very good condition and apparently well cared for. A thorough inspection of the wards in which they were kept disclosed no evidences of neglect or carelessness. In passing through the cellar we noticed the floor in the main hallway to be in a deplorable condition and believe that it should be concreted as soon as possible, using cinders for filler, and cellar properly cleaned up. The brick work above the arches to the openings in the coal cellar on the south side of the main building needs repairing; also above the doors on the south side much pointing is necessary, as large sections of brick are very loose and about to fall. The floor and roof of the wash room were in very bad condition. It appeared that the expenditure of a little money in the room where clothes are washed would do a great deal of good. Coming to the water system, be it said to the shame of the county of Morgan that it is about as crude and antiquated an affair as could be found anywhere and would hardly do credit to a public institution of the dark ages and we strongly recommend that something be done in this matter.

The inconvenience in the preparation of meals all these years in an institution like this in a kitchen about 6 by 12 is inconceivable except through experience. Passing on to the stable, dairy barns and hog houses we found everything in very good condition with the following list of stock on hand: Four horses, 1 span of mules, 10 milk cows, 6 yearling cattle, 5 spring calves and

5 summer calves. Hogs: 115 stock hogs, weight about 140 lbs.; 16 fat hogs, weight 300 lbs.; 26 fine brood sows; 60 head fall pigs; one male hog; 200 chickens. Notwithstanding the very bad season we have just passed through, Mr. Lewis reports having raised about 2500 bus. corn on seventy acres, 1000 bus. of which are now in the crib after feeding from the crop since Sept. 1; 200 shocks of corn are yet in the field; 16 tons of baled clover hay, 14 tons of baled wheat straw, 10 tons of loose timothy hay are stored away in the barns for winter use. Owing to the bad season the vegetable supply is very short but we found 75 bus. of potatoes in the cellar, also 75 bus. of apples. There is on hand at present 11,850 lbs. of flour in storage at Brook Mills, procured in exchange for the wheat raised on twenty-four acres, yielding 25 bus. per acre. We found eighteen acres of growing wheat in splendid condition. All farm implements were properly cared for and housed for the winter. Speaking in general of the buildings, would say that barn and corn crib especially are in need of paint and some of the outbuildings should be either torn down or repaired, raised up and recovered or roofed. It was ascertained from Mr. Lewis that during the five years that he had had charge of the farm the average yearly cost of running it has been about \$7200 and that he has turned in in cash during that time \$10,385. He also states that an average of about \$1,000 per year has been expended upon improvements.

The committee were authorized to confer with the board of county commissioners respecting improvements and urge upon them the apparent necessity of doing something in that line and also the purchase of a manure spreader.

But the principle event in our visit to the county farm was yet to come—dinner being announced we were assigned our places at two long tables elegantly prepared for our reception and it would seem almost as if the English language was inadequate to express in proper terms the substantial and bountiful repast which greeted the delegation at the noon hour. Under the quiet, discreet and orderly management of Mrs. Lewis, the most estimable wife of the keeper of the farm, ably assisted by her daughter Lora, Mrs. Ed. Caldwell, Mrs. Tremblett and Miss Bollyard, every want of the members of the delegation was most assiduously looked after and having finished this "feast fit for the gods," Mr. Carroll, foreman, moved a hearty vote of thanks to the hostess and assistants, which it goes without saying was unanimously carried.

Alison Thompson, Ralph Reynolds, Clerk.

I. E. Worfolk.

After the jury completed its work a vote of thanks was extended to M. H. Carroll foreman, for prompt, efficient and impartial manner in which the business coming before the grand jury was dispatched. A similar vote of thanks was extended to Clerk Ralph Reynolds. Mr. Carroll then in a short address reviewed the history of the court house and he was especially qualified to talk on this subject as he assisted in the laying of the corner stone. He closed with moving a vote of thanks to Perry White, janitor of the court house for the painstaking efforts he uses in caring for the property.

## DRS. NORBURY AND DOLLEAR HAVE ACQUIRED SANATORIUMS IS RUMOR

Well Known Alienists Said to Have Practically Agreed Upon Purchase of Maplewood and Maplecrest Institutions.

A rumor was current yesterday that Dr. F. P. Norbury and Dr. A. H. Dollear had entered into a contract for the purchase of Maplewood and Maplecrest sanatoriums. When asked about the matter, however, both Dr. Crouch and Dr. Dollear replied that there was no information to make public. Dr. Norbury was not in the city and so it was not possible to get into communication with him.

Maplewood sanatorium on South Diamond street was established several years ago by an incorporated company, including Dr. Norbury, John R. Robertson and A. H. Rankin. Subsequently Dr. E. L. Crouch purchased the interest of Dr. Norbury in the institution which is maintained in lease properties at one time owned by the Hatfield and Ketcham estates. Within the past two years Dr. Crouch purchased beautiful Kilmarnock just outside the city limits on the Mound road, from Mrs. W. S. Jones, and made various changes before establishing it as Maplecrest, a sanatorium for the treatment of nervous diseases. Dr. Crouch has managed both of the enterprises with success. For weeks it has been known that Drs. Norbury and Dollear have been seeking a location for the establishment of a sanatorium and it is now believed that they have arrived at an understanding with Dr. Crouch and his associates whereby they will acquire the valuable holdings already mentioned.

ALIENISTS DECLARE MRS. VON CLAUSSEN TO BE INSANE

Woman Gained Notoriety Some Years Ago By Threatening To Sue Roosevelt For \$1,000,000.

New York, Nov. 18.—Mrs. Ida Von Clausen, who gained notoriety several years ago by threatening suit against President Roosevelt for \$1,000,000 damages for not having her introduced at the court of the King of Sweden, today was declared to be insane in the report of a commission of alienists submitted Judge Malone in general sessions court.

Upon the receipt of the report Judge Malone rescinded his order allowing Mrs. Von Clausen's release on bail of \$5,000 in a case against her. The woman's arrest came as the result of letters which it is alleged she wrote to Charles Strauss, an attorney, in which she threatened to kill him if he did not obtain for her what she considered a valid decree of divorce.

## HOLD FELLOWSHIP BANQUET AT FRANKLIN

INTERESTING SESSION OF DEDICATION WEEK.

Gathering Took Place in the Basement of the New Methodist Church Attended by Three Hundred—Many Speak of the Past and Future of the Church—Organ Recital Friday Night.

Another interesting session in connection with dedication week at the new Franklin Methodist church was the fellowship banquet held Tuesday evening in the basement of the church. It is doubtful if there is a more commodious basement in any church of its size in the community than in the new Franklin church. It has a high ceiling, concreted, well lighted and every facility for which it was built.

For the banquet last night it was appropriately decorated and it was an encouraging sight to see the three hundred men and women who sat down to partake of the splendid supper served, under the auspices of the Ladies' Aid society.

Prof. Branom Toastmaster.

The toastmaster of the evening was Prof. L. Roy Branom, and he filled the position in a most capable manner. Dr. H. M. Hamill, who served the church from 1885-88, was to have been one of the speakers, but he had an engagement at Chattanooga, Tenn., and had to leave on the afternoon train. Rev. Charles Wehrman, pastor from 1889-91 of Chattanooga, was also unable to be present.

Paper by Mrs. Rinaker.

The first subject presented was that of "Looking Backward." Mrs. M. B. Keplinger read a most interesting paper prepared by Mrs. Clarissa Rinaker of Carlinville, Ill. She is a sister of H. G. Keplinger and is one of the five persons still living who were members of the church sixty years ago. The other four were Mrs. Mary Jane Caldwell of Jacksonville, who was also present; Mrs. Mayfield, Mrs. Jones and Mrs. Wood. Mrs. Rinaker took for her subject, "Old Camp Meetings." She told of the location of the old camp meeting grounds in Franklin, where the cemetery is now located. The old brick church which stood in the vicinity was wrecked by a cyclone, May 7, 1861. She told of the great distances people went to hear the ministrations and of the wonderful conversions which took place. She contrasted the primitive ways of worship compared with the beautiful edifices which had been built since that time. Her paper was heard with unusual interest and pleasure.

Former Pastors Speak.

After this paper, Rev. Albert H. Flagg, who was pastor of the Franklin M. E. church two years ago but now of Assumption, spoke on the subject of "The Church of Yesterday." He congratulated the people of Franklin upon their enterprise and thought they ought to be the best and happiest people of the community, because of their splendid equipped edifice. He related how the forefathers would have been delighted to worship in such beautiful places, such as were being built these days.

Rev. M. M. Want, pastor of the church from 1897-1900, and Rev. W. H. McGhee, pastor from 1891-95, spoke briefly.

Speaks of Church of Tomorrow.

"The Church of Tomorrow" was the subject of the address by the pastor, Rev. Peter Kittel. He said that the presence of so many ladies assured him that the future of the church would mean something, for whatever the women undertook generally brought fruit. He said that the church of the future would be a praying and witnessing church, backed up by actual experiences. He took occasion to mention that fourteen boys who had come into the church since its dedication and he laid emphasis on the fact of what the church could accomplish for its boys and girls. He sought the hearty cooperation of his congregation for a bigger and better church.

Edward F. Seymour.

Edward F. Seymour, superintendent of the Sunday school, talked of "The Sunday School." He said that now the new church was reality, he did not see why the Sunday school should not grow in numbers and spiritual influence. He felt that the Sunday school was one of the most valuable assets to the church.

The Epworth League.

Elgin D. Olinier, who is 16 years of age, is president of the Epworth league, having recently been elected. He said that a man once asked another how to raise a table cloth and the reply was by planting a napkin. He said that he wanted the Epworth league to be a place where all the boys and girls would feel that a welcome awaited them and the older folks too. He desired to see the membership increase and asked all to rally to its support. Recently the league has taken in six new members.

Ladies Aid Financially.

The last speaker of the evening was Mrs. Jennie Burch, president of the Woman's Foreign Missionary society. She said that when the new church building was proposed that the society voted to contribute \$1,000. After it was pledged the ladies scarcely knew where so much money could be raised. But they went at their task with a large faith and willing hands, and were able to report the amount in full. Not content with doing this on dedication day, the Ladies' Aid again came to the rescue and promised \$500 more. She told of the work of the society, of its plans and purposes and she was frequently applauded throughout her helpful address.

Services Tonight.

Rev. W. H. McGhee will hold the services this evening at 7:30 o'clock and the subject of his sermon will be "The Glory of the Church." Pre-

## Do Your Washing and Wringing Without Working

Don't waste your time and strength in useless toil. Washing is, without doubt, the dirtiest, hardest, and most disagreeable part of your work when done in the old style way. Why should you continue to cling to the obsolete methods of washing clothes when a Meadows Family Power Washer will do all the work for you—you do the operating. The

## Meadows Family Power Washer

is furnished with belt pulley for engine power or electric motor for electric power. It is a practical machine for both city and country housewives. Fill the machine tub full of dirty clothes, close the lid and the Meadows starts working. While clothes are being washed you can go about doing the rest of your housework. When clothes are clean it is an easy matter to wring them with a Meadows—just press your foot on the pedal and the wringer starts. With the foot pedal control you have both hands free to feed the wringer and at the same time have perfect control of wringer. Wringer works at any of the tubs. Just think, each piece is generally wrung three or four times, wouldn't it be grand to do all this wringing without working? Come in and see how easy it is to do a big family washing with a Meadows Family Power Washer.

## PEORIA MANUAL EXPECTS HARD GAME HERE SATURDAY

Coach Buland Working Men Strenuously in Anticipation of Gridiron Struggle.

A real touch of high school football will be witnessed on Illinois field Saturday afternoon when the strong team of the Manual Training school of Peoria comes here. Peoria is expecting anything but a snap and the press from there says, "They will start in today (Tuesday) for a week's strenuous work to prepare them for the game Saturday. Jacksonville was defeated here in Peoria early in the season by the P. H. S. by a score of 27 to 9. They will not prove such an easy foe for this time, for they have improved greatly and have won most of their games. The game with Jacksonville and the one with Rock Island on Thanksgiving day will finish up Manual's schedule. They have met with the best in the state and have five victories with two defeats as the result so far. This is a very creditable record and a great improvement on the showing of last year's eleven. Last year they won only one game tied another, losing all the rest."

## SIX PERSONS HURT WHEN I. C. SEMINOLE LIMITED IS WRECKED

Engine of Fast Train Overturns and Baggage and Express Cars Leave Track Near Jasper, Ala.

Birmingham, Ala., Nov. 18.—Six persons were injured this afternoon when the engine of the Illinois Central Seminole Limited turned over and baggage and express cars left the rails near Jasper, Ala. The engineer was the most seriously injured, being badly scalded. Two passengers and the baggagemaster and a mail clerk were slightly injured. The cause of the accident has not been determined.

## WILL BE CALLED TODAY.

Charleston, W. Va., Nov. 18.—It was announced tonight that the cases of President John P. White of the United Mine workers of America and seventeen other officials of the organization, under indictment for alleged conspiracy in restraint of trade, will be called in the federal court tomorrow. It is stated that by agreement the cases will be continued until the June term of court.

## FORFEITS MATCH.

Burlington, Iowa, Nov. 18.—Bob Willets of Ohio, forfeited a wrestling match here tonight to Joe Kitterman of Hedrick, Iowa, after an hour's wrestling. Willets gave up on account of a sore arm. There were no falls.

## ECZEMA ITCHED TERRIBLY ON HANDS

White Little Spots. Scratching  
Made Them Worse. Cuticura  
Soap and Ointment Cured.

1261 Marion Place, Chicago, Ill.—“I  
had eczema for four or five years. One day  
I came into the house and saw some white  
little spots coming out on  
my hands. A week later I  
saw that the spots began  
opening and in their places  
came deep holes. Later it  
took the form of some red  
little spots. Those spots  
itched me terribly and every  
night when I was asleep I  
always used to scratch and  
make the spots worse and made some new  
spots. The trouble caused loss of sleep.  
My hands cost my father a fortune.  
“I used remedies for three and one-half  
years but they made me worse. I used  
—, which helped a little bit, but in a  
day or two it got worse; also —. Later  
on I heard of Cuticura Soap and Ointment.  
I used Cuticura Soap and Ointment two  
times a day, in the morning and at night  
before going to sleep. Cuticura Soap and  
Ointment afforded relief in one or two weeks,  
and it only took two months before the  
cure was complete.” (Signed) Clement  
Levinson, Nov. 22, 1912.

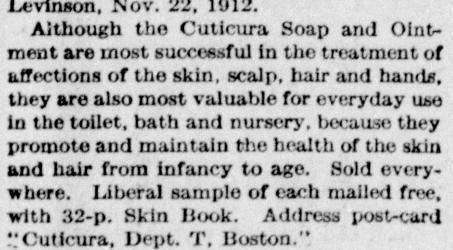

Although the Cuticura Soap and Ointment  
are most successful in the treatment of  
affections of the skin, scalp, hair and hands,  
they are also most valuable for everyday use  
in the toilet, bath and nursery, because they  
promote and maintain the health of the skin  
and hair from infancy to age. Sold every-  
where. Liberal sample of each mailed free  
with 32-p. Skin Book. Address post-card  
“Cuticura, Dept. T, Boston.”

Men who shave and shampoo with Cuti-  
cura Soap will find it best for skin and scalp.

How to Avoid Those Pains and Distress  
Which so Many Mothers Have Suffered.

It is a pity more women do not know of  
Mother's Friend. There is a remedy that softens  
the muscles, enables them to expand without  
any strain upon the ligaments and enables  
women to go through maternity without pain,  
nausea, morning sickness or any of the dreaded  
symptoms so familiar to many mothers.  
There is no foolish diet to harass the mind.  
The thoughts do not dwell upon pain and suffer-  
ing, for all such are avoided. Thousands of  
women no longer resign themselves to the  
thought that sickness and distress are natural.  
They know better, for in Mother's Friend they  
have found a wonderful, penetrating remedy to  
banish all those dreaded experiences.  
It is a subject every woman should be fami-  
liar with, and even though she may not require  
such remedy, she will now and then meet  
some prospective mother to whom a word in  
time about Mother's Friend will come as a won-  
derful blessing. This famous remedy is sold  
by all druggists, and is only \$1.00 a bottle.  
It is for external use only, and is really worth  
its weight in gold. Write today to the Brad-  
field Regulator Co., 127 Lamar Bldg., Atlanta,  
Ga., for a most valuable book.  
There is a wealth of instruction and comfort  
to be derived in reading this little book. It  
is plainly written, just what every woman  
wants to know, and will be a splendid little  
textbook for guidance, not only for yourself,  
but will make you helpful to others. And, in  
the meantime, do not fail to get a bottle of  
Mother's Friend at the drug store, and thus  
fortify yourself against any and all pain and  
discomfort.

## CONSERVATION CONGRESS BEGINS SESSIONS IN CAPITAL

Fifth Annual Congress Attracts  
Large Company of Delegates—  
Questions of Vast Importance to  
Be Discussed.

Washington, Nov. 18.—In view of  
the generally recognized fact that the  
conservation problem has reached a  
critical stage in its development, a  
national conservation congress,  
which convened here today for a ses-  
sion extending over three days,  
promises to be the most important  
ever held in this country. Every  
state in the union is represented by  
delegates appointed by the respective  
governors and in addition to their  
number there are many other dele-  
gates representing state and national  
organizations in some ways interest-  
ed in the subject of the conservation  
of the national resources.

Some Oppose Convention.

The address of Charles L. Pack of  
Indiana, president of the congress,  
at the opening session today clearly  
pointed out that the conservation  
movement is facing at present its  
greatest danger in the opposition to  
the federal control of the national  
resources, which is active in many  
states. Certain corporations and pri-  
vate interests have started a move-  
ment to remove conservation from  
the control of the federal government  
and to transfer it to the state govern-  
ments and it seems that, for purely  
selfish reasons, many members of  
state legislatures strongly favor plan  
and are determined to make a strong  
fight, basing their opposition upon  
their interpretation of the principle  
of states' rights. The real motive,  
however, on the part of the timber  
and waterpower interests and of the  
legislators working hand in hand  
with them has nothing to do with  
the sovereign rights of the state. The  
big timber and waterpower interests,  
realizing the difficulty of obtaining  
concessions from the federal govern-  
ment, want the forest and water con-  
servation removed from the control  
of the national government, believ-  
ing that it will be easier for them  
to obtain what they want from the  
legislative bodies of the various  
states. The legislatures favor the  
plan which would open the door to  
extensive grafting opportunities.

Favors National Control.

President Wilson, who delivered  
an address on the occasion of the op-  
ening of the congress, strongly favors  
national control of the natural re-  
sources of the country and it is evi-  
dent that he will lend his full support  
to the conservation congress in its  
fight against the opposing elements.  
One of the problems to be considered  
by the congress is the question of  
more strongly and better organiza-  
tion of the national conservation  
movement throughout the country so  
as to establish perfect harmony in  
the work.

The congress this year will revert  
to the consideration principally of  
forestry and water power subjects.  
At first meeting of the conservation  
congress at Seattle, in 1909, these  
subjects were taken up. When the  
second congress met at St. Paul the  
following year, the public land ques-  
tion was the principal issue. The  
Kansas City meeting in 1911, was de-  
voted to the subject of soil fertility,  
and human life and vital resources  
were the issues of the convention at  
Indianapolis last year. At the ses-  
sion begun today the congress will  
revert to the consideration of forestry  
and water power questions.

In connection with the congress  
an exhibition is held under the aus-  
pices of the National Conservation as-  
sociation and of the department of  
agriculture, which shows by photo-  
graphs, maps, models and actual ob-  
jects and appliances the various  
methods used in guarding the great  
national forest reserves, preventing  
forest fires, removing dead timber,  
protecting wild game, etc. Special  
exhibits will show scenes on the great  
grazing reservations in the west,  
which are growing of greater im-  
portance every year.

The question of increasing the area  
of the national game reserves will come  
up for consideration during the con-  
gress and among those who will de-  
liver addresses upon that subject and  
will take part in the debates will be  
Franklin K. Lane, secretary of the  
interior; David F. Houston, secretary  
of agriculture; Lindley M. Garrison,  
secretary of war; Senators Burton,  
Newlands and Hoke Smith and prob-  
ably other government officials. The  
question of rural credits will also  
form the subject of discussion at one  
of the sessions and will be discussed  
by speakers of national reputation  
and experience in financial matters.  
Another subject which will be  
brought to the attention of the con-  
gress will be the enormity of the loss-  
es by fire not only in the country  
where fire protection is always more  
or less primitive, but also in large  
and small cities. The taking up of  
this subject has been seriously urged  
by the National Board of Fire Under-  
writers.

WILL GO TO FLORIDA.  
Miss Mary Thorndyke of Chapin  
was in the city yesterday. She said  
her father and herself were planning  
to start next week for their winter  
home in Florida. They have a  
cottage in the soldiers' settlement  
which is much enjoyed by her father.  
She remained there this year till  
August 22, and found the weather  
warmer here than in Florida when  
she came home called by the illness  
of her father.

ILLINOIS REPORTED STRONG.  
Champaign, Ill., Nov. 18.—The  
University of Illinois football squad  
reported intact for practice today.  
Harold Pogue, who has been out of  
the game, reported for play. The  
forwards were greatly improved since  
the Chicago game and the coaches  
declared they had perfected a  
defense which would hold Minne-  
sota's attacks.

PAGE VISITS BATTLESHIPS.  
Naples, Nov. 18.—Thomas N.  
Page, United States ambassador to  
Italy, and Mrs. Page, arrived here  
this evening from Rome to visit the  
American battleships Wyoming,  
Arkansas and Florida, now anchored  
off this port. The ambassador  
and his wife will be entertained by  
the commander-in-chief of the At-  
lantic fleet, Rear-admiral Charles J.  
Badger.

ITS FIFTIETH ANNIVERSARY.  
Springfield, Ill., Nov. 18.—The  
fiftieth anniversary of the delivery  
by Abraham Lincoln of his famous  
address at Gettysburg is to be made  
the occasion of a state wide celebra-  
tion in Illinois tomorrow. Practi-  
cally every daily newspaper in the  
state will reprint the address, and in  
all the public schools special exer-  
cises will be held in observance of the  
anniversary.

THE CHICAGO & ALTON IS ANNOUNC-  
ING A Thanksgiving excursion to St.  
Louis; return limit Sunday night.

F. L. Birkett, traveling passenger  
agent of the Burlington, with head-  
quarters at Peoria, was calling on  
local railroad men yesterday.

Passenger brakeman J. F. Green  
on the C. P. & St. L. road has re-  
signed and intends to go to the state  
of Washington and begin there in  
the freight department.

Some of the time the operator in  
the Burlington office is right busy.  
About the time the C. P. & St. L.  
passenger train is due, the Burling-  
ton passenger from the south and  
two or three coal trains in then is  
the time he earns his money. Then  
too the telephone system comes in  
finely as freight conductors can call  
in from sidings outside of town and  
manage to get by all right. At times  
the operator is about as active as a  
flea on a hot griddle and people lit-  
tle know how much responsibility  
rests on him and how seldom a mis-  
take is made.

J. Diddot, the C. P. & St. L.  
roadmaster, was looking over local  
conditions in this city and vicinity  
yesterday.

At the Car Shops.  
John Mackey of the boiler shop  
spent Sunday with friends in Mur-  
rayville.

The round house is nearly full of  
tenders right now and work on them  
will be shortly begun.

Engine No. 31 is out again and on  
the passenger run and behaving in  
a proper manner.

Engine No. 23 has been sent to  
Springfield to take a place there on  
the main line passenger run.

Caboose No. 12 has been put in  
shape and sent out to its place in  
Springfield for business.

Monday night a great time was ex-  
perienced with engine No. 31. In  
getting her out for a trial run she  
got clear off the track alongside the  
office and there was a big job get-  
ting her back again. Several rods  
of track had to be relaid and a lot of  
other work done but all is in shape  
now and moving smoothly.

The Order of the Moose is popular  
at the shops and probably forty men  
working there have joined and more  
yet may follow. The men are pleas-  
ed with the order, its benefits, com-  
pany and all that pertains to it.

Engine No. 57 has been sent to the  
boiler shop to have a new fire box  
put in her.

Engine No. 61, which has been  
standing out in the cold so forlorn  
and neglected for these many days  
will now find a place inside and pro-  
ceed to put on new clothes.

Tuesday morning John Nunes,  
who has been working in the ma-  
chine shop some three weeks, was  
handling a steam chest cover when  
accidentally it fell, badly crushing  
the large toe of his right foot. He  
received emergency attention, a car-  
riage was summoned and he was  
taken home where medical aid was  
supplied. He will be a cripple for  
some time.

C. S. Branch, master of motive  
power on the road, was here Monday  
and looked over everything and  
seemed well pleased by what he saw  
and the general condition of things  
in and about the shops.

When an engine is to be overhauled  
one of the worst looking objects  
is the brass which has been in the  
weather and looks bad enough, but  
when Walter Ornelas gets through  
with it there is a huge difference  
and a person seeing the pieces at a  
distance could easily believe they  
were real gold.

How many people know that a  
master mechanic should know some-  
thing of surgery? Yet that is the  
case and Mr. Ingrand is well up in  
that line for a man in his position.  
He has appliances for emergency  
cases and knows how to use them.  
One interesting article is bandage  
cloth and on it are depicted all man-  
ner of injuries and suggestions re-  
garding the best manner of treating  
them so when a man is hurt, as was  
the case yesterday with John Nunes,  
Mr. Ingrand sent him home with a  
very respectable job of dressing of  
the wound.

Charles Meder is occupied now at  
the bench in the machine shop and  
is as busy at his work in his place as  
a man need be and he well under-  
stands his business.

Robert Rodems has completed  
four years of apprenticeship in the  
machine shop and is now a full fledged  
mechanic with a mechanic's posi-  
tion and a mechanic's pay. He has  
made a good record and stands well  
with the heads of departments.

Charles Leard has started in as a  
machinist apprentice. He was drill  
press boy and has been duly pro-  
moted.

Fred Doyle, son of Mrs. Hester  
Doyle on North East street, has  
started in as apprentice in the tin-  
ners' department. He was a sweeper  
before and did that work well  
enough to deserve promotion.

The boom on the loading trucks  
when handling an engine cylinder,  
came accidentally in contact with a  
passenger train and was badly de-  
molished.

ITS FIFTIETH ANNIVERSARY.  
Springfield, Ill., Nov. 18.—The  
fiftieth anniversary of the delivery  
by Abraham Lincoln of his famous  
address at Gettysburg is to be made  
the occasion of a state wide celebra-  
tion in Illinois tomorrow. Practi-  
cally every daily newspaper in the  
state will reprint the address, and in  
all the public schools special exer-

THE CHICAGO & ALTON IS ANNOUNC-  
ING A Thanksgiving excursion to St.  
Louis; return limit Sunday night.

F. L. Birkett, traveling passenger  
agent of the Burlington, with head-  
quarters at Peoria, was calling on  
local railroad men yesterday.

Passenger brakeman J. F. Green  
on the C. P. & St. L. road has re-  
signed and intends to go to the state  
of Washington and begin there in  
the freight department.

Some of the time the operator in  
the Burlington office is right busy.  
About the time the C. P. & St. L.  
passenger train is due, the Burling-  
ton passenger from the south and  
two or three coal trains in then is  
the time he earns his money. Then  
too the telephone system comes in  
finely as freight conductors can call  
in from sidings outside of town and  
manage to get by all right. At times  
the operator is about as active as a  
flea on a hot griddle and people lit-  
tle know how much responsibility  
rests on him and how seldom a mis-  
take is made.

J. Diddot, the C. P. & St. L.  
roadmaster, was looking over local  
conditions in this city and vicinity  
yesterday.

At the Car Shops.  
John Mackey of the boiler shop  
spent Sunday with friends in Mur-  
rayville.

The round house is nearly full of  
tenders right now and work on them  
will be shortly begun.

Engine No. 31 is out again and on  
the passenger run and behaving in  
a proper manner.

Engine No. 23 has been sent to  
Springfield to take a place there on  
the main line passenger run.

Caboose No. 12 has been put in  
shape and sent out to its place in  
Springfield for business.

J. Diddot, the C. P. & St. L.  
roadmaster, was looking over local  
conditions in this city and vicinity  
yesterday.

At the Car Shops.  
John Mackey of the boiler shop  
spent Sunday with friends in Mur-  
rayville.

The round house is nearly full of  
tenders right now and work on them  
will be shortly begun.

Engine No. 31 is out again and on  
the passenger run and behaving in  
a proper manner.

Engine No. 23 has been sent to  
Springfield to take a place there on  
the main line passenger run.

Caboose No. 12 has been put in  
shape and sent out to its place in  
Springfield for business.

Monday night a great time was ex-  
perienced with engine No. 31. In  
getting her out for a trial run she  
got clear off the track alongside the  
office and there was a big job get-  
ting her back again. Several rods  
of track had to be relaid and a lot of  
other work done but all is in shape  
now and moving smoothly.

The Order of the Moose is popular  
at the shops and probably forty men  
working there have joined and more  
yet may follow. The men are pleas-  
ed with the order, its benefits, com-  
pany and all that pertains to it.

Engine No. 57 has been sent to the  
boiler shop to have a new fire box  
put in her.

Engine No. 61, which has been  
standing out in the cold so forlorn  
and neglected for these many days  
will now find a place inside and pro-  
ceed to put on new clothes.

Tuesday morning John Nunes,  
who has been working in the ma-  
chine shop some three weeks, was  
handling a steam chest cover when  
accidentally it fell, badly crushing  
the large toe of his right foot. He  
received emergency attention, a car-  
riage was summoned and he was  
taken home where medical aid was  
supplied. He will be a cripple for  
some time.

C. S. Branch, master of motive  
power on the road, was here Monday  
and looked over everything and  
seemed well pleased by what he saw  
and the general condition of things  
in and about the shops.

When an engine is to be overhauled  
one of the worst looking objects  
is the brass which has been in the  
weather and looks bad enough, but  
when Walter Ornelas gets through  
with it there is a huge difference  
and a person seeing the pieces at a  
distance could easily believe they  
were real gold.

How many people know that a  
master mechanic should know some-  
thing of surgery? Yet that is the  
case and Mr. Ingrand is well up in  
that line for a man in his position.  
He has appliances for emergency  
cases and knows how to use them.  
One interesting article is bandage  
cloth and on it are depicted all man-  
ner of injuries and suggestions re-  
garding the best manner of treating  
them so when a man is hurt, as was  
the case yesterday with John Nunes,  
Mr. Ingrand sent him home with a  
very respectable job of dressing of  
the wound.

Charles Meder is occupied now at  
the bench in the machine shop and  
is as busy at his work in his place as  
a man need be and he well under-  
stands his business.

Robert Rodems has completed  
four years of apprenticeship in the  
machine shop and is now a full fledged  
mechanic with a mechanic's posi-  
tion and a mechanic's pay. He has  
made a good record and stands well  
with the heads of departments.

Charles Leard has started in as a  
machinist apprentice. He was drill  
press boy and has been duly pro-  
moted.

Fred Doyle, son of Mrs. Hester  
Doyle on North East street, has  
started in as apprentice in the tin-  
ners' department. He was a sweeper  
before and did that work well  
enough to deserve promotion.

The boom on the loading trucks  
when handling an engine cylinder,  
came accidentally in contact with a  
passenger train and was badly de-  
molished.

### SOME OFF-SIDE CHUTES.

The tattersalls recently held near Lexington, Ky., were of more than passing interest to Jacksonville lovers of the thoroughbred horse. Jacksonville capital was represented at the sale, and that capital procured two very nifty yearlings. Albert G. Dunlap, son of Steve Dunlap, living two miles east of this city, was one of the buyers at the great annual dispersal sale of Kentucky thoroughbreds. His purchase included a yearling filly by Anard, out of Eylet, being a full sister of Aggie. Another purchase was a colt yearling by Drante, out of Stolen Moments. The breeding of this colt is an unusually good one on the dam side, Stolen Moments being by the great stallion Kingston, whose get always were at home on a soft or muddy track, as well as being bang up getters of the coonskins when the going was lightning fast on a hard track. Al Dunlap's stable at the present time is rather a handy one, with such campaigners in the string as Ocean Queen and Barney Oldfield. After the first of the year—the time for naming two-year-olds—when his new material will be eligible to race, if breeding counts for anything, he will have a stable competent to compete with the best in the west.

Doc White has abandoned the idea of going to Des Moines as a partner of Frank Isbell. Happy Hogan stopped off in Chicago on his way to his California home after the recent minor league meeting at Columbus and engaged in a heart to heart confab with the versatile southpaw and tooth carpenter. So entertainingly and magnanimously was Happy that Doc capitulated and agreed to go to Venice and manage the Hogan Coast league team. White has a contract calling for another year with Coniskey; but it is the belief of those in the know that the Old Roman will grant Doc an unconditional release so that he may not be amenable to "waiver calls" and permit him to take up the burden and pilot the California team.

Bill Dahlen has been canned as manager of the Trolley Dodgers, and the wild waves are saying that he will manage the Federal league team in Buffalo next season. The same billows are authority for the announcement that Wilbert Robinson, recently ditched by Mugsy McGraw, will succeed Wild Bill in Brooklyn. Elberts opened negotiations with Fielder Jones recently, but the latter says there was no chance for him, as the Brooklyn magnate offered weinerwurst salary for a tennerhouse steak service.

The casing from another sausage was removed on Monday night at Milwaukee, when White Hope Willard hooked up with a novice, George Roedel, a Boer recently arriving from South Africa. Willard measured six inches taller than the prodigy from the "Unland" and weighed at least thirty pounds heavier than his antagonist. The Boer carried the game to Willard from the bell tap until the finish. Roedel closed Willard's right eye in the sixth round, and in the ninth he hooked a left jab to the mouth which drew a copious flow of the claret. Under the law no decision was rendered, but the newspaper critics give the contest to the Boer by a wide margin.

Gunboat Smith was given the decision in a twelve-round bout with Sam Langford in Boston on Monday night. Much surprise was occasioned by the decision of Referee Fleming, as Langford emerged from the ring without a scratch, and from the eighth round until the finish was on top of Smith all the way. The ex-sailor was badly mugged up when the gong ended the festivities, and would have been able to negotiate but one or two more rounds had the match been framed for an unlimited go. The Tar Baby allowed Smith to do all of the leading for seven rounds, when he tired. Then Langford sailed in and from that time on was the aggressor and should have been given the decision.

The remains of "Nobby" Clark will be saved from burial in an unchartered grave in potter's field. After a long illness the old warrior died at the Cook county hospital, Chicago, last Thursday, and just before the expiration of the legal five days, friends stepped in and prevented the authorities from disposing of the remains as is the custom with the pauper dead. "Good fellows" in the Chicago sporting world took the body to an undertaker's parlor and started a popular subscription to insure a burial of respect. At the time of his death Clark was 75 years of age, and he in a great measure was responsible for the development of Johnny Coulton, bantam champion of the world.

Calvin Demarest "also ran" in his match with Willie Hoppe for the 18-2 billiard championship in New York Monday evening. The challenger was off to a poor start, scoring but 35 points in the first eleven innings. On the other hand, the champion was in his full stride throughout and had little trouble to win—500 to 234.

President Johnson is quite optimistic in regard to the proposed baseball war. He says the Federals will make no more noise next season than they did in 1913. He regards the whole affair as a tempest in a teapot. In this he differs in a wide range with Tim Murrane, a star of two decades ago, and since then one of the best critics of the game in the country. Tim attended the meeting of the minor leagues at Columbus last week and while there he gathered much inside information. From this information he is compelled to believe that next year will witness a war worthy the name unless in the meantime the moguls and particularly the national commission recede from their assumed dictatorial attitude and meet the players upon common ground.

### FRANKLIN PROPERTY IS INVOLVED IN LAW SUIT

Carl and Miss Almada Manley Seek To Have A. H. Wright Deposed as Executor of the Will of Their Mother—Claim Property Is Now Wrongfully Held by George Leak.

In the circuit court Tuesday Kirby, Wilson & Baldwin and J. D. Robinson as attorneys for Carl W. Manley and Mary Almada Manley brought a bill of complaint against Alexander H. Wright and George Leak. In this action the complainants set forth that Alexander H. Wright, as executor and trustee under the will of their mother has neglected to handle certain real estate in a proper way and that George Leak is now wrongfully in possession of the property.

**History of Case.**  
It is set forth that Mrs. Maggie E. Manley was the mother of the complainants and that she died August 3, 1893 leaving a will dated March 21, 1890 wherein she disposed of her property and constituted Alexander H. Wright, her brother, as sole executor of this will. It was the expressed wish in the will that the executor take possession of all the real estate and personal property of which the testator was seized and to manage and control the same for the benefit of the two children—Carl and Mary Manley, until the son should attain the age of 21 years, at which time the executor was to sell all the real estate and personal property and turn over one half to the son Carl Manley. The other half of the estate was to be loaned by the executor for the benefit of the daughter until she became 21 years of age, when it was to be turned over to her.

**Franklin Property Involved.**  
It is shown that Mrs. Manley when she died, owned lots 1, 2 and 3 in William J. Wyatt's addition to the town of Franklin. It is maintained further that it did not become necessary to sell any part of the real estate to pay debts and that it was the duty of Mr. Wright as trustee to dispose of the real estate within a reasonable time after Carl Manley became of age. It is set forth that Carl Manley became of age May 7, 1903 and Mary Manley of age of 21, November 11, 1909 and it is set forth that Mr. Wright, as executor and trustee has wholly neglected to discharge his duty in relation to this real estate, and that the complainants by this action have suffered loss and are to this day.

**Ask Surrender of Property.**  
Further the complainants represent that George Leak is now in possession of the property described and that he claims to be the owner thereof. The purpose of the bill of complaint therefore is that the court may direct the removal of Alexander H. Wright as executor and trustee of the will of Maggie E. Manley and that some person be appointed in his stead to take possession of and to sell the real estate. It is also asked that the claim of ownership set up by George Leak be declared null and void and that he be required to surrender possession of the property. The hearing on this case is to be had at the May term of the circuit court.

### ASBURY.

Asbury annual supper and bazar will be given at the home of Ralph B. Reynolds Wednesday evening, December 10. All friends are cordially invited.

The Fancy Work club held its regular meeting with Mrs. Carl Hembrough last Thursday afternoon. Mrs. Ralph Goltra of Los Angeles was a guest at the meeting. The time was delightfully spent and refreshments were served.

Mr. and Mrs. George McKean and son, William Reed, were Wednesday guests of Mr. and Mrs. Jonas Lashmet in Jacksonville.

Miss Ruth Hembrough, a senior in the Jacksonville high school, spent Saturday and Sunday with her parents, Mr. and Mrs. E. R. Hembrough. Mr. and Mrs. Robert Richardson of Stafford, Kan., Mr. and Mrs. Harry Gilmore of Goodhouse, Mr. and Mrs. Justus Wright and Mr. and Mrs. Harry Strang of Murrayville were Sunday guests at the home of Mr. and Mrs. William Mortimer.

Mrs. J. D. Hembrough visited her friend, Mrs. Anna Frye, Wednesday. J. R. Hembrough and T. S. Hembrough left Monday evening on a business visit in Chicago.

George Megginson and Frank Hembrough spent Sunday with Ellsworth Hembrough and family near Lynnville.

Miss Mildred Reynolds spent Friday with her grandparents, Mr. and Mrs. T. C. Reynolds.

Mr. and Mrs. T. S. Hembrough spent Tuesday with Mr. and Mrs. Thomas Simpkins, southwest of Jacksonville.

Mrs. E. J. Reynolds was a Wednesday guest of Mrs. L. R. Watson near Cross Roads.

Mr. and Mrs. William Morris spent Monday with friends in Jacksonville.

Paul Barrow was a guest of Dean Hembrough Sunday.

**PASTOR IS GIVEN FRUIT RUSH.**  
The ladies of Central Christian church gave their pastor and his wife Rev. and Mrs. Clyde Darsie, a fruit rush at their home on West College avenue Tuesday afternoon, at which they were presented with one hundred jars of fruit and twenty-five glasses of jelly. The afternoon was also made the occasion of a very pleasant social time at the close of which light refreshments were served.

**ARE BUTCHERING EARLY.**  
On account of the prevalence of hog cholera, many farmers and stock raisers are butchering somewhat sooner than they otherwise would. So far the disease has confined its ravages to the western and southern parts of the country and to the vicinity of Jacksonville. Many hog raisers in these districts have escaped any touch of the cholera but feel unwilling to risk keeping the hogs longer with the disease prevalent.

### WILL URGE GOVERNOR TENER TO SUCCEED PRESIDENT LYNCH

Pennsylvania Executive Denies Reports That He is Candidate for Leadership of National League.

Philadelphia, Pa., Nov. 18.—The presidency of the National Baseball league to succeed Thomas J. Lynch at the expiration of his term will be tendered Governor John K. Tener, tomorrow according to an announcement made here today by President Baker of the local club. A meeting of the presidents of various clubs of the league will be held in Harrisburg tomorrow for the purpose of discussing a successor to President Lynch and Mr. Baker said the Pennsylvania governor would be urged to accept the position.

Governor Tener in Harrisburg today denied reports that he had authorized a statement admitting that he was a candidate for the leadership of the league or that he would accept if it were offered him.

"I have made no such statement," he declared, "nor have I made any statement since the original one in which I said I was in no sense a candidate."

**CHICAGO WHITE SOX WIN.**  
Portland, Ore., Nov. 18.—The Chicago Americans shutout the New York Nationals today in a sharp played game at the Coast League ball park. The score:

Chicago.....000 000 000—0 7 1  
White Sox.....000 020 000—2 10 6  
Batteries—Fromme, Hearne and Wingo; Scott and Schalk.

### J. B. C. TO SELECT OFFICERS.

The members of the J. B. C. club will hold an election of officers this Wednesday evening, meeting to be called to order at 7:30 at the college office. All members are urged to be present to make plans for the winter's program. The outgoing officers are C. E. Blank, president; Leonard Acre, vice-president; Pearl M. Piper, secretary; Florence McKnight, treasurer.

The organization has had several very enjoyable socials during its rather brief organization. In January, the Brownies' Round Up was held in the college building, 275 people being present. The banquet given at the Peacock Inn in May was also the occasion of much good cheer. One hundred and twenty Brownies enjoyed this spread and program which followed. The committee in charge hopes to organize for some good things this winter.

Mrs. Bert Fernandes has returned to her home in Springfield after a visit at the home of Mr. and Mrs. Oscar Moline on East Lafayette avenue.

Mr. and Mrs. Henry Lackscheid and four children all came over to the city yesterday from Perry. They have to take a hack to Griggsville and the Wabash the rest of the way.

### MORDECAI BROWN MAY MANAGE CHICAGO FEDERALS

President Gilmore Ascertains Question of Terms Only Remains To Be Settled With Famous Three Fingering Pitcher.

Chicago, Nov. 18.—Mordecai Brown, famous three fingered pitcher of the Chicago Nationals and the Cincinnati club, may take the management of the Chicago Federal league team, it was said today. In a story published here Brown is quoted as saying a representative of the Chicago Federals has made him an offer and President Gilmore of the local club said a question of terms only remained to be settled. Brown is said to have been promised his unconditional release from Cincinnati by President Herrmann providing he could secure a managerial berth. The pitcher said he was still able to take a turn on the mound occasionally.

### ALDORTH WILL PLAY LAST GAME SATURDAY.

Minneapolis, Minn., Nov. 18.—Captain Donald Aldorth expects to play his last college football game in the Minnesota game against Illinois at Champlin next Saturday. He has been kept out of most of the contests so far this season by illness, but unless he has a relapse this week, Dr. Williams, Minnesota's coach sees no reason why Aldorth should not be able to be in the lineup.

### WHERE ENGLISH WALNUTS GROW

A load of English walnuts at Bonanza's yesterday prompted the inquiry regarding the source of supply of that delicious nut. A great many are now in grown in California whence this consignment came but many are brought to this country from France, Italy, Chili and Hungary. California will increase her acreage as it is a profitable crop. Philippine nuts are now coming into market replacing to some extent Brazil nuts which do not run as good in quality as in former years.

Henry Olroyd residing north of Little Indian was calling on city friends yesterday.

# REDUCE THE COST OF LIVING

C. J. Brand of the Department of Agriculture in the address before the American Association of Colleges a few days ago said: "Our department is advocating more direct buying to reduce the cost of living."

This means that the U. S. government recognizes that one of the main factors in the high cost of living is the paying tribute to one or more middlemen, each of whom add to the actual cost a certain amount of expense for profit. Until the article is finally in the hands of the consumer, it costs him two or three times as much as the original producing cost. Therefore, when buying from us you buy direct.

**We are the producers and sell direct. We take the raw materials, cloth linings, etc., which we buy direct from the mills, cut and make your garments, deliver them to you direct without your paying one cent tribute to the middlemen.**

You are paying only one expense—one profit.

You are leaving almost all of your money at home.

You are giving work to a dozen families and as many more helpers.

**You are getting a garment tailor-made to your measure for the same or less than you pay for others.**

You have a garment which we guarantee will look as well after a season's wear as when new.

You have only a trial to make to prove the truth of these assertions and to be convinced of the opportunity that lies at your hand for the taking.

### NOTES FROM THE LABOR WORLD.

Letter carriers in Russia are paid from \$12.50 to \$17.50 a month. Wages in Victoria, Australia, have increased almost 25 per cent in 20 years.

During 1912 there were 1,116 strikes in France, in which 267,627 employees were involved.

Last year there were 1,852,241 workers employed in factories in Great Britain, 890,834 of whom were engaged in the textile trades.

Women employed in the textile industry in Germany are in a majority over the men, there being 400,000 females, as against 371,000 men.

Chicago janitors are to take a strike vote on Dec. 6. They demand a minimum wage of \$60 a month for eighteen apartment flat buildings, down to a minimum of \$8.50 for a one apartment building.

The bureau of labor statistics of the department of labor of the United States has issued a bulletin urging the prohibition of night work for children 18 years or younger.

Statistics issued by the United States government show that in proportion to the number of men employed there are more fatal accidents in the metal mines of the country than in the coal mines.

The last of a debt of \$22,000 owed by the American Railway union when it went to pieces some years ago has just been paid off by Eugene V. Debs, who was the founder and president of the organization.

A nearly unanimous vote is expected of the result of the referendum vote just taken of the membership of the Bricklayers, Masons and Plasterers' International union, on the question of the establishment of an old age pension and disability fund.

The executive council of the National Sailors and Firemen's union of England has decided to take a ballot of members of the union on the question whether they are prepared to refuse after May 1, 1914, to ship on board any ocean going craft that is not equipped with wireless.

As a party of the "safety first" movement the heads of the four great railroad brotherhoods have issued notice to their membership to the effect that in future the members will be held responsible for any railroad accidents or wrecks that result from carelessness in the use and displaying of signals.

Pennsylvania's new woman's employment law has gone into effect and the limit of hours for employment of women and girls is now 54 hours per week except in the home and on the farm. The new law prohibits the employment of women or girls for more than six consecutive days and not more than 10 hours in any day.

When the executive officials and delegates to the convention of the American Federation of Labor passed through Butte, Mont., recently on

their way to Seattle they were presented with unique souvenirs by the Montana Federation of Labor. The souvenirs were in the form of a miniature showcase containing samples of gold, silver, copper and other valuable ores produced in Montana.

### BOOTH'S HYOMEI

Has Benefited Thousands of Catarrh Sufferers—Will Do the Same For You or Money Back.

The Hyomei treatment that has effectively benefited many thousands of sufferers from catarrh, bronchitis, husky voice, coughs and cold in the head is easy and pleasant to use. Just pour a few drops in the inhaler and breathe it in—no stomach dosing. The healing, soothing and antiseptic air will reach every nook and crevice of the mucous membrane of the nose and throat; will surely stop the irritation almost immediately; will allay the inflammation, drive out the foul odor; kill the germs and banish the disease.

If you suffer from raising of mucus, frequent sneezing, discharge from the nose, droppings in the throat, crust in the nose, watery eyes, or any other symptoms of catarrh—use Hyomei.

A complete Hyomei outfit, including inhaler and bottle of liquid, costs only \$1.00, and an extra bottle of liquid, if afterwards needed, is but 50 cents. You money returned if not benefited.—Adv.

### CHAMINADE MUSIC CLUB.

### ELECTRIC FLASHES.

Electricity handles the milk from 400 cows in a dairy near Columbus, Ohio.

Among improvements to be carried out soon on the harbor of Newcastle, N. S. W., Australia, is the building of an electric power plant to supply new coal loading machinery and also the tramway system when it is electrified.

A searchlight has been installed on an observation train of the Chicago, Milwaukee & St. Paul railway so that tourists can view the country during the night. The lamp operates from the regular train lighting dynamo and is effective up to two miles.

During the past summer the telephone company at Temple, Texas, placed a transmitter in the band stand at the city park and so arranged that its subscribers might listen to the evening concerts given there by calling central and getting telephone connection.

The extent to which wireless telegraph has been taken up by amateurs is disclosed in a list of radio stations in the United States issued by the commerce department's bureau of navigation. Almost 1,300 amateurs have been granted licenses up to July 1.

The largest electrical hatching plant in the world is owned and operated by Frott Bros., Plymouth, England. They have 94 incubators, each of about 500 egg capacity, and the average output is about 8,000 chicks a week. The hatching is all done by electricity.

S. H. McDowell of Welland, Ohio, reports that a 16 c. p. incandescent lamp still in use at his home has been in almost continuous service since 1901. The lamp was first operated in Barrie, Ont., and later at Toronto, and has since been in practically nightly use. Mr. McDowell believes this lamp holds a world's record.

An Indiana city has recently utilized a special street lighting system that has been installed for ornamental illumination to assist the police in case of an alarm after the lights have been turned off at night. A controlling switch in the office of the chief of police enables the lights to be flashed on while officers are scouring the streets.

It was announced at the recent International Congress of Refrigeration held in Chicago that Dr. Kanerlingh Onnes had produced a temperature of 426 deg. Fahr. below zero. At that temperature is was declared metals lose their electrical resistance so that minute wires can carry any distance all of the energy generated at Niagara Falls.

The Turner's Falls Power company is planning to build a 50,000 h.p. hydro electric station at Montague City, Mass., within the next years. The initial development will total 30,000 h.p. and it is to be completed early in 1915. The plant will cover half an acre of ground and will utilize water from a canal 1.5 miles in length, requiring the excavation of

500,000 cubic yards of material, of which 100,000 cubic yards will be rock excavation from a ledge 30 feet to 50 feet deep. William B. Durant is in charge of the engineering for the Turner Falls company.

### THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair Gets Soft, Fluffy and Luxuriant at Once—No More Falling Hair.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the air of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fatten, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, craggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Adv.

### WHY DRUGGISTS RECOMMEND

Vinol For Run-Down People.

If any one person should know the value of medicines it is the druggist who dispenses them and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world-famous tonics, namely, the medicinal curative elements of cod's livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, run-down, over-worked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, Druggist, Jacksonville, Ill.

**ELECTION NOTICE.**  
Public notice is hereby given that  
a Special Election will be held in the  
City of Jacksonville, County of Morgan  
and State of Illinois, on Satur-  
day, the 20th day of December, 1913,  
for the purpose of submitting to the  
legal voters the question of approv-  
ing the following ordinance:  
An Ordinance Providing for the Issu-  
ance of Electric Light Bonds to the  
Amount of Fifty Thousand Dollars  
(\$50,000) and Providing for the  
Payment Thereof.  
Be it ordained by the City Council of  
the City of Jacksonville:  
Section 1. That for the purpose of  
extending the electric light system of  
the City of Jacksonville, there are  
hereby authorized to be issued Elec-  
tric Light Bonds to the amount of  
fifty thousand dollars (\$50,000) con-  
sisting of one hundred (100) bonds  
of five hundred dollars (\$500) each,  
to be dated July 1, 1914, each bear-  
ing interest evidenced by coupons at  
the rate of five (5) per centum per  
annum, payable semi-annually. Two  
thousand five hundred dollars  
(\$2,500) in amount of said bonds  
shall become due on the first day of  
July in each of the years 1915 to  
1934, inclusive.  
Section 2. The bonds hereby auth-  
orized shall be in substantially the  
following form:  
No. — United States of Ameri-  
ca, State of Illinois, City of Jackso-  
ville, Electric Light Bond, \$500.  
Know all men by these presents  
that the City of Jacksonville, in the  
County of Morgan, and State of Illi-  
nois, acknowledges to owe and for  
value received hereby promises to  
pay the bearer five hundred dollars  
(\$500) on the first day of July, 19—  
with interest thereon from the date  
hereof at the rate of five (5) per  
centum per annum, payable semi-  
annually on the first day of January  
and of July in each year on presen-  
tation and surrender of the annexed  
interest coupons as they severally be-  
come due. Both principal and inter-  
est of this bond are hereby made pay-  
able in gold coin of the United  
States of the present standard of  
weight and fineness at the Fort Dear-  
born Trust and Savings Bank in the  
City of Chicago, Illinois.  
This bond is one of a series of like  
tenor, except maturity, issued for the  
purpose of extending the Electric  
Light System of said city under the  
authority of Chapter XXIV of the  
Revised Statutes of the State of Illi-  
nois, and of an ordinance of the  
City of Jacksonville duly passed, and  
is further authorized by an election  
duly called and held.  
It is hereby certified and recited  
that all acts, conditions and things  
required to be done precedent to and  
in the issuing of this bond have  
been done, happened and been per-  
formed in regular and due form as  
required by law, and that the total  
indebtedness of the City of Jackso-  
ville, including this bond, does not  
exceed the statutory or constitutional  
limitations.  
In witness whereof the City of  
Jacksonville, Ill., has caused this  
bond to be sealed with its corporate  
seal, signed by its mayor, attested by  
its city clerk, and has caused the an-  
nexed interest coupons to be executed  
with the facsimile signatures of the  
said officers this first day of July,  
A. D. 1914.  
Attest:  
City Clerk.

Shall bonds or obligations for the purpose of extend-  
ing the Electric Light System of the City of Jackso-  
ville, in the sum of \$50,000, be issued by the City  
Council of the City of Jacksonville?

**Coupon.**  
On the first day of January, 19—  
July,  
the City of Jacksonville, Illinois, prom-  
ises to pay to bearer twelve and  
50-100 Dollars (\$12.50) in gold coin  
of the United States at the Fort  
Dearborn Trust and Savings Bank in  
the City of Chicago, Illinois, for in-  
terest due that day on its Electric  
Light Bond dated July 1, 1914, No.—  
Attest:  
Mayor.  
City Clerk.  
Section 3. That for the purpose of  
providing for the payment of the  
principal and interest of the bonds  
hereby authorized as they respect-  
ively become due, there shall be and  
there is hereby levied and there shall  
be collected a direct annual tax upon  
all the taxable property in the City of  
Jacksonville, Illinois, sufficient to  
produce the following sums for the  
following years:

And provisions to meet the re-  
quirements of this Section shall be  
included in the annual appropriation  
bill for each of the years aforesaid.  
And the City of Jacksonville hereby  
obligates itself, annually in due  
time, manner and season, to perform  
and take all action required by law  
to carry out the provisions of this  
section.  
Section 4. The bonds hereby auth-  
orized shall be issued and sold from  
time to time as the proceeds are  
needed for the purpose authorized by  
this ordinance.  
Section 5. The bonds authorized  
by this ordinance shall not be issued  
unless this ordinance is approved at  
a special election to be held in the  
City of Jacksonville on the 20th day

Mrs. Jennie Fox and daughter are  
visiting at the home of Mrs. Amos  
Swain.  
F. C. Fox and wife of Virginia vis-  
ited in this neighborhood the most  
of last week.  
James Mahon delivered his corn  
at the Elmore elevator.  
The Modern Woodmen intended to  
have a box supper Saturday night,  
but the inclemency of the weather  
compelled them to postpone it till a  
later date.

Mrs. N. T. Fox, Mrs. Kate Brown,  
Mrs. Malissa Smith and Miss Emma  
Swain sang a quartet Sunday morn-  
ing.  
The married gentlemen's class and

**PRINTYPE**  
Receives the Plaudits of the Public.

Vigilant protector of people's eyesight, hailed a  
benefactor by many thousands of enthusiastic  
admirers. "Officer Printype" responds with  
becoming modesty.

Officer Printype says: "I am overwhelmed by the ovation which  
has greeted my appearance in your midst. I am simply doing my sworn  
duty in ridding the Business and Financial Districts of the Bad Charac-  
ters, that for years have made Typewriters a menace to your eyesight. I  
have mercilessly exposed and relentlessly pursued these dangerous Type-  
writer Types, which are responsible for more cases of Defective Vision  
than all other causes combined.

"Report direct to my Headquarters, in the Oliver Typewriter Build-  
ing, Chicago, any machine whose type is violating the Optical Law and  
I'll have the offender haled before the court of Public Opinion."

This radical departure from the old style "out-  
line" letters makes it possible to produce, on The  
Oliver Typewriter, a page of manuscript as clear  
and attractive as that of the finest book. The Oli-  
ver is the first and only typewriter that successful-  
ly prints print.

**The Primary Reason**  
Printype resulted from our discovery that "out-  
line" type, with its sameness, - due to absence of  
shading, was harmful to the eyes.

**The Silent Test**  
For months, without any advertising, we put hun-  
dreds of Printype Oliver Typewriters into actual  
service, in many diverse lines of business. We  
wanted the public's verdict. It came in a burst  
of admiration and a flood of orders that proved  
Printype a brilliant success.

Printype letters, wherever seen, excited the keen-  
est interest. Business men who received the first  
Printype letter almost invariably answered, post  
haste—"Where did you get that type?" Thus  
Printype captured the country without firing a  
single shot.

**Price Not Advanced**  
The Printype Oliver Typewriter sells for \$100.  
You can pay at the rate of 17 cents a day. The  
"Printype" is our latest and best model. The new  
type adds 25 per cent to the value, but not one  
cent to the price. A small cash payment brings  
the machine. (245)

America rings with praise and applause for Printype. This superb new typewriter type has attracted more attention than any typewriter innovation brought out in recent years.  
Hundreds of thousands of people have seen this new type and wondered what it was that made Printype correspondence seem like a spoken message. There's virility, strength and charm in Printype correspondence. There's refinement and "class" and style.  
Not because of its novelty—it's inherent in the type.

**A Vast Improvement**  
Printype is designed in shaded letters and numerals, like the type in which books and magazines are printed. It is book type transformed and adapted to modern typewriter requirements.

## CHAPIN.

Miss Myra Anderson spent Saturday and Sunday in Jacksonville, the guest of her sister, Miss Melba, at the home of Willard Holliday.

About twenty of the neighbors and friends of Mrs. Ida Williams gave her a very pleasant surprise last Friday evening. The time was pleasantly spent playing games, after which refreshments were served. Mrs. Williams left on the noon train Saturday for Kewanee, Ill., where she will visit her daughter and other friends for several months.

Misses Julia and Margaret Woodward were the guests of Mr. and Mrs. W. Woodward Sunday last.

Special services in honor of the Odd Fellows and Rebekah lodges were held Sunday evening at the Christian church. The pastor, Mr. Hougham, delivered a very excellent sermon on "The Good Samaritan," or "On the Road to Jericho." The Odd Fellows to the number of 40 marched in a body and occupied reserved seats. Good music was furnished by the large choir under the leadership of Montie Funk. Miss Gertrude Stainforth sang a solo in her usual pleasing manner. The members of the fraternities expressed themselves as very much pleased with the services.

C. D. Hougham is attending the "Church Efficiency Congress" at Davenport, Iowa and expects to be gone over next Lord's day. The pulpit will be filled by Mr. Frank Garrett, a missionary from Nankin, China. Everyone should avail themselves of the privilege of hearing this consecrated Christian man.

Don't forget that the Bible school of the Christian church is in a contest with the Bible school at Woodson and intends to win, of course, and "you" want to help, so be on time at 9:30. Bring your Bible and an offering and be sure to stay for church service, as that counts an extra point. We are ahead in the race so far and depend on you to help us win.

Mr. Frank Garrett from Nankin, China, will speak both morning and evening at the Christian church next Sunday. You will miss a treat if you fail to hear his message. Don't forget the date, Nov. 23.

Mr. and Mrs. H. O. Woodward were guests of Mr. and Mrs. Frank Blair Sunday.

The November meeting of the C. W. B. M. was held at the church last Wednesday. Mrs. Burnham was the leader. The members of the society will observe C. W. B. M. day the first Lord's day in December. The program will be given with home forces. Delicious refreshments were served by Mrs. Burnham and Mrs. Woodward.

C. D. Hougham's mother, who has been visiting him the past two weeks, returned to her home at Arrowsmith last Friday.

Mrs. Lamar Halliwell of Chicago was called home last Thursday by the illness of her mother, Mrs. Lella Taylor.

Mrs. Fred Taylor, who has been quite sick for the past ten days, was taken to Passavant hospital in Jacksonville Monday night, after a consultation of Drs. Haigrove and Roberts.

Union Thanksgiving service will be held at the Christian church Thursday night, Nov. 27. Rev. Frederic Baylis will preach the evening sermon. Everybody welcome.

## ONE DOSE RELIEVES

A COLD—NO QUININ

"Pape's Cold Tablets" makes you feel fine at once—Don't stay stuffed-up! Take it now.

Relief comes instantly.

A dose taken every two hours until three doses are taken will grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit your blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

## DURIN.

William Rees and Mrs. David Rawlings were called to Eureka Springs, Mo., Friday by the death of Ensign Scott, who had gone there for his health recently, accompanied by his wife and brother, Sylvanus Scott. They returned Sunday, bringing the body to his late home in Franklin. Mr. Scott spent most of his life in this community, where he has a large circle of sincere friends, who loved him for his fine disposition of friendliness and his true manliness and honesty.

Mr. and Mrs. Luther Anderson, who have spent the past month at the home of Samuel Darley, left Saturday for the south, where they will spend the winter.

There were no services at Durbin and Providence Sunday on account of the dedication of the Franklin M. E. church.

Mrs. William Richardson and Mrs. Bromley of Stafford, Kan., were guests of Mrs. William Rawlings Friday and Saturday.

Mr. and Mrs. Arthur Neece of Palmyra, visited Richard Oxley last Saturday.

## DONATION DAY.

Thursday, Nov. 20th, will be Donation Day at Old People's Home. Some needed articles are: Canned tomatoes, apples, groceries of all kinds, sheets, towels, granite ware for kitchen use, and anything that can be used in the house.

## SMARTLY MODISH.

Match Your Dressy Hat With a Scarf.

OF CHIFFON EDGED WITH OSTRICH.

Now that women are wearing frocks cut so low at the neck for every occasion both indoors and out the scarf for protection against the wintry winds is almost a necessity with street costumes. Of course, nobody envelops her pretty throat in handsome furs, but at church, the matinee and the like, there are apt to be drafts, so one ingenious couturier has sent along with his chic little hat a scarf of chiffon edged with ostrich. These scarfs, in addition to protection, are very smart and stylish.

## Housekeeping Tips.

If after scrubbing out the cupboard it is then sprinkled with water in which tobacco has been steeped and then with a little spirits of camphor moths will never appear.

To cleanse a fryer pan which smells of onions or fish fill the pan with water and when it boils drop in a red hot cinder. Afterward rinse and wash in the usual way.

When making pies in a hot kitchen fill a bottle with ice water and use it for a rolling pin. The pastry will be delicate and flaky. A long, smooth, round bottle should, of course, be chosen.

Three tablespoonfuls of baking soda in a quart of water applied with a rough cloth will remove the old varnish very easily when you wish to re-varnish furniture.

The All Important Tango Frock. When once speaks of dance frocks this season the model designed to tango immediately suggests itself. Such a hold have the Argentine dances upon the terpsichorean public that to dance is to turkey trot, fish walk, etc. Naturally these strenuous efforts require a frock which gives perfect free-

IN SHADES OF YELLOW CHIFFON.

dom to the body. Therefore corsets are abandoned for the girdle by dancing votaries, low heeled or no heeled footwear replaces the French dancing slipper, and the frock must be slit at the sides to make the "dip" possible.

The dancing gown pictured is a charming affair in which to tango gracefully. Several shades of yellow, toning from a pale lemon to almost a flame color, are artistically combined in its construction.

Mr. and Mrs. Irvin Coulson spent Sunday at the home of his father, G. H. Coulson.

Mr. and Mrs. Clyde Williams and daughter, Margaret, spent Sunday evening with Mr. and Mrs. Charles Oakes in Bluffs.

Miss Gracia Park of Sandwich is visiting her aunt, Mrs. Alpha Anderson.

Mr. and Mrs. T. H. Stone visited last Wednesday at the home of Mr. and Mrs. Arthur Beddingfield of Riggston, whose little son is on the sick list.

Harry Mathews of Exeter hulled clover and baled hay for Harmon Rabe last week.

Clyde Williams delivered hogs to Harry Oakes of Bluffs last Thursday. There will be a program and box social at Hazel Dell school house next Friday night, Nov. 21. Everybody is cordially invited and the ladies are requested to bring boxes. Grandma Lampson, who had been seriously ill for the past month, passed away about noon Sunday. She was nearing 89 years of age and had lived in this state more than fifty years. She was attended in her recent illness by her son, William, with whom she made her home; also her son, Monroe and wife, and Miss Eva Gilliland. Funeral services were held at the house on the Drake farm, just north of Bethel, Monday afternoon at 1:30, with Rev. Mr. Baylis of Chapin officiating.

### BOSTON MAN CHOSEN HEAD OF AMATEUR ATHLETIC UNION

A. J. Lill Jr., is Elected President—New Records Made During Year Arc Approved.

New York, Nov. 18.—Alfred J. Lill Jr., of Boston, was this afternoon elected president of the Amateur Athletic Union.

In all 92 new records, made during the last year, were approved. Seventy-eight of these were in track and field events and the remaining fourteen for swimming. Of the swimming records, Duke P. Kahanamoku of Honolulu was credited with seven. Hannes Kolehmainen, the Finnish Olympic distance runner was given 13 new records—twelve indoor and thirty-one outdoor records at distances from 2 1/4 miles to 10 miles.

H. P. Drew, the sprinter from Springfield, (Mass.) high school, accounted for new indoor time marks at 60, 70 and 75 yards.

John Paul Jones of Cornell, with his world's outdoor record of 4:14 1-5 and Abel R. Kiviat of the Irish American A. C., with 4:18 1-5 for a mile indoor were the honor men among the distance runners for the year.

### QUICK RELIEF FOR RHEUMATISM.

### MARKET LETTERS.

#### Chicago Market.

Oliver S. Green, with Walter Bros., U. S. Yards, Chicago, Ill., reports the estimated receipts for Monday, Nov. 17:

Cattle—26,000.  
Hogs—48,000.  
Sheep—52,000.

"Too many cattle" again the cry from all buyers and barring a few prime yearlings and choice heavy lots the market was 10 to 15c lower. While the supply of good weight cattle was moderate, they were little wanted. Short feds in good supply and a poor care for them; many unsold at the close. Prime yearlings, 1965 pounds, averaged \$9.65, with one short load extra choice averaging 1267 pounds, at \$9.40; \$8.80 to \$9.00 secured choice 1100 pound; 1650 pound heaves and no good lots above \$8.00. The smallest showing of \$9.00 steers for many weeks. Strictly choice steers, \$8.65 to \$8.85. A liberal lot of handy and good weight stuff, \$8.35 to \$8.50. Medium grades, middle weights and light killers, \$7.80 to \$8.10. Many of the \$7.00 to \$7.75 not being familiar with corn feed only found none who were in just the mood to force more feeders in the "home of the feedless."

The supply of the stock was small, causing some cows to sell at steady prices, but that trade closed weak to lower. Bulls weak to lower. Calves 25 to 50c decline. Feeders and stockers dull and about 10c lower.

Fat cows, \$4.70 to \$7.75.  
Heifers, \$4.75 to \$8.75.  
Bulls ranged from \$4.75 to \$8.75. A few odd fancy class bulls, \$7.25 to \$7.75.

Plain heavy calves to good vealers, \$4.25 to \$10.50.  
Prime to fancy vealers, \$10.75 to \$11.25.

Inferior stockers to good feeders, \$4.60 to \$6.90.  
Good to choice selected, \$7.00 to \$7.25.

Prime selected, \$7.35 to \$7.50.  
The liberal run of hogs broke prices 10c.

Mixed packing, \$7.45 to \$7.70.  
Medium and butchers, \$7.75 to \$7.90.  
Rough heavy packing, \$7.10 to \$7.35.

Poor to good heavy packing, \$7.40 to \$7.60.  
Select packing and shipping, \$7.65 to \$8.00.

Light weights, \$7.40 to \$7.70.  
Pigs and throw-outs, \$1.50 to \$8.15.

The fat sheep trade 15 to 25c lower. Feeder grades steady. Fat lambs 25 to 50c off.

Native ewes, \$2.75 to \$4.00.  
Native yearling wethers, \$5.00 to \$6.00.

Montana feeding wethers, \$4.25 to \$4.50.  
Montana feeding yearlings, \$5.30.

Native lambs, \$5.00 to \$7.00.  
Western feeding lambs, \$6.50 to \$6.65.

### Kansas City Market.

Kansas City Stock Yards, Nov. 17.

The dilatory action of the fat cattle market, which is barely able to overcome repeated breaks, disastrous to owners of some fed and long fed cattle alike, is causing some men with cattle feeding facilities to switch to stock cattle.

"A good many cattle are being received in my neighborhood this fall, but not a great many are going on feed," is the way R. B. Wright, a wealthy farmer and cattle feeder of Saline county, Missouri, spoke. "I have been buying a good many light weight cattle myself to be carried over."

Shipments from here last week were 478 cars, containing 21,000 cattle, as compared with 547 cars, containing 18,400 cattle same week last year. It does not require a pencil to show that much lighter cattle were bought this year.

Of course, this tendency is a force working toward a high spring market for fat cattle. The strength of last Monday was entirely dissipated before the end of the week, and much dullness was present closing days. The feature sale last week was three cars of fancy Hereford yearlings at \$8.15. A buyer with the same sort of disposition paid \$8.65 today for a full load of Gallo-way stock calves, around 400 pounds, each one a picture. Less fastidious buyers are getting some cheap cattle now. A load of plain dehorned feeders, 900 pounds, very gaunt and with ability to weigh 40 pounds more within a few days after finding a permanent location, sold at \$6.25 today. These were worth \$6.50 last week. Prices on nearly everything are 10 to 15c lower today; canner material and calves, both veal and stock, being exceptions. Receipts today 21000 head, and a large number of desirable Colorado stockers and feeders are included. These cattle, and most others in the stock and feeder grades, have lost most of the sap that purchasers earlier in the season had to pay for and often lose in the transition from range to feed lot environment. Except a few specialties, stock steers range from \$6.00 to \$7.25; feeders, \$6.00 to \$7.35.

J. A. Rickart, Market Correspondent.

ARGUMENTS ON PICKETING INJUNCTION.

Lansing, Mich., Nov. 18.—The state supreme court today listened to arguments on the motion to make permanent the injunction granted by Judge O'Brien restraining the Western Federation of Miners from picketing the copper mines in the upper peninsula. The decision of the court is awaited with much interest, as it is expected to have an important bearing on the future conduct of the great strike that has paralyzed the mining industry in the Calumet region for nearly four months.

MUST SERVE JAIL SENTENCE.

Kansas City, Mo., Nov. 18.—A year in jail is the penalty Henry Gustin, a negro chauffeur, must pay for running over and killing Thelma Smith, 9 years old, on October 9, last.

## FIRM UNDERTONE PREVAILS MARKET

DAY IS ONE OF DULLEST ON EX-  
CHANGE.

In Spite of Cessation of Buying Stock  
Are Held Close to Top Figures of the  
Opening Rise—Market is in  
Sold Out Condition—New Haven  
is Strong Feature of the Railroad  
List.

New York, Nov. 18.—A firm unde-  
rtone prevailed throughout today's  
trading in stocks. It was one of the  
dullest days of the year. After a  
display of moderate activity in the  
first hour during which prices were  
sent up as much as a point in some  
cases, the market dropped off into the  
same somnolent condition as yester-  
day.

In spite of the virtual cessation of  
buying stocks were held close to the  
top figures of the opening rise. It  
was evident that the market was in  
a sold-out condition.  
New Haven, whose steady decline  
has been in progress so long that its  
frequent new low records have at-  
tracted little attention recently, was  
the strong feature of the railroad  
list today. The quotation was mark-  
ed up about two points to a level  
nearly five points above the low re-  
cord recently established.

Some of the specialties were weak.  
There was a drop of 5/8 in Interna-  
tional Steam Pump preferred to 18,  
a low mark for the year. The com-  
mon sold down to 5/8, also the year's  
bottom figure.

Aside from depressing reports  
from the steel trade indicating a  
still further falling off in new busi-  
ness and additional price reductions,  
the day passed without developments  
of significance market wise. Time  
money was somewhat easier, and the  
decline in speculation was reflected  
in call money of which there was an  
over supply.

# THE COST OF ELECTRIC POWER

## LISTEN TO THIS STATEMENT

University of  
Illinois

Urbana, Ill., Nov. 11, 1913.

Chamber of Commerce Committee,  
Jacksonville, Ill.

Replying to your letter of Nov. 6. In regard to cost per k. w. to produce current under normal conditions, it is rather difficult to state without careful examination of the conditions in your city and the installation we have laid out for you what the cost will be. You cannot hope to produce and deliver the energy to the switchboard in the 600 k. w. plant for less than an average of  $1\frac{1}{2}$  cents per k. w. hour. The price would run close to 2 cents or  $2\frac{1}{2}$  for the first four or five years of operation until you had picked up a major portion of the city load commercial as well as lighting. For the smaller sized plant for operating the lighting system alone of about 150 or 200 k. w. capacity, the cost would range from 2 to 3 cents per k. w. hour delivered to the switchboard.

These figures above stated do not cover the cost of delivering the energy to the consumer. From recent figures I have been compiling it would seem that figuring in the fixed charges, maintenance and repairs on the distribution system it would cost from 5 to 12 cents per k. w. hour for the energy delivered to the lamps or to the customers. The greater the amount of energy delivered over the pole line to consumers the less would be the cost per k. w. hour delivered, also the time in the day when the load was taken together with other items which make up cost of delivery of energy would have to be taken into account.

Signed,  
J. M. BRYANT  
1st Assistant Dept. of Electricity

Prof. Bryant was secured by the Directors of the Chamber of Commerce to review the local lighting situation. He is a man who stands high in authority on matters of public lighting. As first assistant in the department of electricity at the great University of Illinois he has occasion to make a study of these questions. The unprejudiced expert opinion is that to produce current in Jacksonville with a plant our size the cost is from 5c to 12c per kilowatt.

**THE COST OF DELIVERING POWER TO THE LAMP OR TO THE CUSTOMER  
IS FROM 5 CENTS TO 12 CENTS PER KILOWATT HOUR**

**JACKSONVILLE RAILWAY & LIGHT COMPANY,**

By W. B. MISER, Superintendent.

MISS REBECCA SCHEIBEL  
HEARD IN RECITALPupil at Conservatory of Music Gives  
Splendid Program in Recital Hall.

Last evening at Academy Hall a song recital was given by Miss Rebecca Scheibel, a pupil of Mrs. Genevieve Clark Wilson. Miss Scheibel has studied for some time under Mrs. Wilson—has, in fact, studied only under her—and is continuing her voice work at the Conservatory. The recital was a great success, and attended by an audience that filled the hall and showed much enthusiasm. In her program, chosen with excellent discretion by her instructor, she showed a wide range of ability in interpretation, a voice of beautiful quality and unusual compass, and clear enunciation. Her simple manner and apparent freedom from nervousness reflect great credit on her teacher as well as on herself, and her sureness of pitch and good breath control are all the more remarkable from the fact that she is only seventeen years of age. It is certain that if she pursues her study with such sincerity and simplicity as have evidently guided her so far, her future holds splendid artistic promise. Miss Scheibel was the recipient of many flowers.

Miss Carrie Dunlap accompanied with sympathy and skill, giving the singer the most perfect support.

Miss Jensen's violin playing was, as always, a pleasure to hear. She gave the first two movements of the beautiful Bruch G minor Concerto with sure technique, excellent phrasing and intonation and lovely tone. She was accompanied by her teacher, Mr. Kritch, in his usual artistic manner. Miss Jensen also played two obligatos to songs of Miss Scheibel, blending well with the voice, unobtrusive yet indispensable. The following is the program:

Aus Meinen Grossen Schmerzen (Out of my great grief) ..... R. Franz  
Marie ..... J. S. Bach  
"Rosenlein und der Heide" (Hedge-Roses) ..... Schubert  
Concerto, G. minor, for violin, 1st and 2nd movements ..... Bruch  
My Little Friend ..... Miss Nathalia Jensen  
Love was Meant to Make Us Glad ..... German  
Woodland Croon Song ..... Clutsum  
Shadow March ..... Del Riego  
A Little Friend ..... Del Riego  
The Nicest Way of All—(from Tack-me-in-Soups) ..... Carrie Dunlap  
Starry Woods ..... Phillips  
Blagie (with violin obligato) ..... Massenet  
Happy Days ..... Strelezki  
(obligato by Miss Nathalia Jensen)  
Recitative and Aria from "Der Freischuetz" ..... Von Weber  
Song Cycle, "April" F. Clough-Gleiter  
When Spring Comes Laughing.  
A Little Maiden Loved a Boy.  
Now who Can Fathom This?  
You and I Together, Love.

DONATION DAY AT  
PASSAVANT HOSPITAL

Donation Day at Passavant Hospital will be observed Tuesday, Nov. 25th—Gifts of Various Kinds Are Desired.

Next Tuesday, November 25, has been designated as donation day at Passavant Memorial hospital. It is needless to say much regarding the merits of that institution for they are well known to the residents of this community. Visitors will be welcomed during the day and evening and great pains will be taken to show them all about the buildings and give all an opportunity to see the work of the hospital.

Gifts of anything that can be used in a family will be most acceptable. Any kind of fruit, canned goods, vegetables, dry goods, groceries, jellies, pickles, preserves and all else that a household would use will be gratefully received and duly credited if the donors' names are attached.

## QUEEN ESTHER CIRCLE

The Queen Esther Circle of Grace M. E. church met Monday evening with the Misses Ross on Pine street. The program was a song by the circle, reading by Miss May Lambert and piano solo by Miss Dorothy Cannon. After the business session Miss Mae Scott, the president, gave her report of the state convention at Springfield. Miss Olive Dunlap, the conference organizer of the Queen Esther Circle was present and told of her recent trip to Washington where she attended the national convention of the Home Missionary work. Her talk was greatly enjoyed by all present. The society then adjourned to enjoy a social hour and refreshments were served.

OLDEST PERMANENT  
MUSIC DEALER HEREJ. Bart Johnson Takes Pardonable  
Pride in Business Record Extending  
Over Quarter of Century.

J. Bart Johnson today is proud of the distinction of having seen many music stores start in Jacksonville, last for a time and then go out of existence.

There is always a reason for opening up a business; also a better reason for closing out. There is but one good reason for continuing and that is, is it profitable? And there is only one way in which a business can be profitably conducted—buying right, the right kind of goods, selling only goods of merit at the right prices. Follow this rule and your patrons always will keep you in business.

Briefly the above has been the policy of J. Bart Johnson for over a quarter of a century. Consequently a guarantee from this source protects a patron, not only now, but for years to come.

Mr. Johnson is a piano tuner by trade, but is also a thorough and accomplished musician, a member of Jeffries Concert band and now manager of that organization; he is also president of the American Federation of Musicians in this city.

And now Mr. Johnson is desirous of publicly thanking the many friends who so kindly have contributed to his success.

The J. Bart Johnson music house now is offering at remarkably low prices pianos of quality. You cannot afford to overlook this opportunity to at least look at and hear these splendid pianos.

## I. O. O. F. NO. 4

At a regular meeting Tuesday evening of Illini lodge No. 4, I. O. O. F., announcement was made of the roll call Tuesday, Dec. 2, which will be followed by a program and the serving of refreshments. A report of the roll call committee appointed at the last meeting was heard and plans were made for the program in connection with the roll call. The chairman of the committee is Matthew Minter.

The third degree was administered at the meeting last evening to Oscar Ingram.

The Ladies' Aid society of West-winter church will hold a Thanksgiving market next Saturday in Johnson, Hackett & Guthrie's window.

## BURLINGTON WAY PLANS.

The sign and pole committee of the Burlington Way association met recently in Chapin with H. C. White of Greenfield presiding. It was determined that sign boards will be placed one mile out from every town between St. Louis and Burlington and that all poles shall be marked with one band of orange and two of white paint. This work will be pushed so that the way may be clearly marked when the spring season opens up.

## TO ATTEND ATTORNEYS'

State's Attorney Robert Tilton went to Chicago last night to attend sessions of the Illinois State Attorneys' association at Hotel Sherman. The banquet will be held Friday night when Mr. Tilton will respond to the toast, "A State's Attorney in a Dry Town." Mr. Tilton will no doubt have something worth while to tell his associates.

## POLES FOR POWER

The poles for the power line which is to be run from the city light plant to the Widenham and Daub well property have been received and are being hauled to positions along the streets where they are to be erected. The wire for the line has also been shipped for some weeks and a tracer has been sent out after it. The work of erecting the poles will be begun at once.

## WITH THE SICK.

Clarence Ratcliff is sick at his home at 864 North Main street. Two of his brothers, Ed. Ratcliff of Peoria and Jesse of Beardstown are in the city, called here by his illness.

Mrs. Nora Walk of Winchester, who was brought Monday to Our Savior's hospital, where she underwent an operation, is doing well.

W. R. T. Masters is a patient at Passavant hospital.

Dr. William O'Reilly, Dr. F. M. Roberts of Chapin and Dr. Galley of Ashland were among the professional visitors in the city yesterday.

## PUPILS WILL HOLD CARNIVAL.

Friday evening the pupils of the Second Ward school will hold a carnival at the school to aid in financing the proposed manual training department. Quite a number of novel attractions are being rehearsed for the entertainment and among the refreshments to be sold are home made candy and pop corn balls.

## PROBATE COURT.

### MORTUARY

#### Lampson.

Mrs. Anna Benedict Lampson, aged 88 years, 11 months and 7 days, died Sunday, November 16th at the home of her son William Lampson near Chapin.

Mrs. Lampson was born near Columbus, Ohio, December 9, 1824 and was married when about 16 years of age to John Lampson, who preceded her in death in March 1896. The family moved to Morgan county about sixty years ago. Mr. and Mrs. Lampson were the parents of eleven children, six of whom have preceded her in death. She is survived by five sons: John Lampson of Derby, Kan.; Joseph Lampson, of Mexico, Mo.; Alonzo Lampson of Rock Island, Monroe Lampson of Camden; and William Lampson of Chapin, besides a number of grand children, great grandchildren and a host of friends and neighbors. Mrs. Lampson was converted and became a member of the Episcopal church during the early part of her life and has lived a consistent Christian life. For the past five years she has made her home with her son, William Lampson, near Chapin.

#### Keating.

John Murray, who resides south of the city has received word of the death of his sister, Mrs. John Keating at her home in Springfield, Tuesday morning. She was 76 years old. She also leaves two brothers, Patrick and William of Springfield, and one sister. Funeral services will be held from the Church of the Immaculate Conception in Springfield Thursday at 10 o'clock. Mr. Murray and family expect to attend the services.

### ASSERTS UNITED STATES SHOULD WIDEN PANAMA CANAL ZONE

Student of Canal Situation Proposes Also That the U. S. Restore to Columbia Southern End of Panama.

Worcester, Mass., Nov. 18.—A proposal that the United States widen the canal zone to sixty miles and restore to Columbia the southern end of Panama was advocated tonight before the delegates attending the Clark University conference on Latin-America by Earl Harding who said he had devoted two years of study to the situation.

"We need a wider canal zone," he said. "Our ten mile strip across the isthmus with the cities of Panama and Colon excluded from our jurisdiction was planned when we were negotiating with Columbia and knew that it was futile to ask for more."

"Our territorial arrangement with the dual government at the terminal of the canal has proved so unsatisfactory that the advisability of annexing the whole republic has been contemplated seriously by those burdened with the responsibility for the canal's protection. If our necessities are obvious now, project ourselves 25 or 50 years into the future and visualize the municipal hodgepodge that must result from the up-coming of commercial centers at the terminal of the canal with the separate governments and cross purposes that must obtain so long as Panama and Colon are excluded from the canal zone jurisdiction."

"For working out military problem we need to bring under our control the entire watershed of the Chagres river, in all a canal zone of 50 to 75 miles in width, instead of the present ten. It is estimated that ultimately the crossing at the isthmus should sustain a population of 1,000,000 and adequate city planning should not be deferred."

"Money will not bridge the gap at present existing in our internal relations with Columbia. She has so far rejected such overtures. For ten years the Panamanian question has taken precedence over every other issue in the Columbia press. "Panama entire we cannot restore, but what is there to prevent our handing back to Columbia in frank recognition of her violated sovereignty that part of Panama south of the zone. There would be a practical advantage to both parties in so doing."

### NEW YORK GANGSTERS FIGHT SPECTACULAR STREET BATTLE

Gangsters Open Fire on Club House—Three Are Seriously Shot and Many Wounded in Scrap.

New York, Nov. 18.—One of the most spectacular gun battles among gangsters in this city in recent years was fought at the doors of a club house on the low east side late tonight. Three men were seriously shot, many others were wounded and seven were arrested after police reserves finally dared to break up the fight.

Gangsters crouching behind trees, ash barrels and other obstructions opened fire on the club house. Men within sprang to the doors and windows and answered the attack. Fifty shots were exchanged while detectives blew their whistles for aid. When the revolvers were emptied the police charged the club house. They met with no resistance. The gangsters in the street fled. One man's eye was shot out. Another is dying from bullet wounds in the back. A third was shot in the leg which will be amputated in an effort to save his life. Many men escaped over the roof, carrying their wounded with them. Six revolvers were found in the club house and six more in the street. The men arrested refused to tell the cause of the trouble. It was apparent to the police that those in the club house had expected the attack and prepared for it.

**BOMB WRECKS RESIDENCE**  
Chicago, Nov. 18.—A woman and her baby were bruised and windows for several blocks were broken tonight by the explosion of a bomb at the residence of Fred Nigro, a wealthy Italian saloon-keeper. Nigro's saloon was wrecked by a bomb last Thanksgiving after he had ignored letters demanding \$1,000. His wife and two children were injured at that time.

### FIRST OPEN MEETING OF J. H. S. LITERARY SOCIETY

Interesting Program Given by Students in Initial Program—Members Fail To Agree on Name For Organization.

The first open meeting of the literary society of the high school, of which Frank Gruenewald is president, was held Tuesday night in the high school auditorium. There was a large attendance and an interesting program was given. The meeting was called to order by the president, with roll call by Secretary Mackness. The secretary read the members of the various committees and the resignation of Dale Boxell, as vice-president of the society was also presented.

The question of a name for the society came up and it was given a liberal discussion. Among those who gave suggestions were Ruth Badger, Dorothy Rogers, Byron Carpenter and Marie Wiswell. Some of the names suggested were Belle Lettres, Athenaeum, Lyceum and the Akademie. There was no decision reached as to a name.

The following was the program: Vocal solo—Miss Nellie Self. "Our Society"—Frank Gruenewald.

Reading, "Who's Afraid"—Miss Helen McDonald. Recess.

Debate, "Resolved, that the city of Jacksonville should own and maintain its own lighting system for the purpose of furnishing light for the city and also for individual consumers. The affirmative was upheld by Mr. Nesmith and H. Williamson, the negative by Worthington Adams and F. Williamson. The affirmative won an unanimous decision on their debate.

Quartet—"The Venetian Love Song", two violins, cello and piano accompaniment—Prof. Paul Morrison, Miss Helen Sorrells, Miss Helen Struck and Earl Briscoe.

Kenneth Berryman, the critic was called upon and gave some very helpful suggestions on the evening's program.

**NO DANGER OF WAR.**  
Omaha, Neb., Nov. 18.—In an interview here today, Secretary Daniels expressed the belief that there would be no war with Mexico.

"There will be no war with Mexico," he said, "the administration has no fear of any such trouble. The knot will be untangled in a amicable way and all this war talk is jingoism."

**ILLINOIS SHOWS BADLY.**  
Urbana, Ill., Nov. 18.—University of Illinois players showed badly today in their first hard drill since the Purdue game and Coach Zuppke was irate. Zuppke hopes his team will make a good showing against Minnesota Saturday but said the men must show much improvement. Ralph Jones who scouted at Minneapolis last Saturday furnished a report which was not re-assuring.
